

Steel Strike Near End; Foreign Food, Meat In Spotlight; Tug Outlook Is Brighter

Terms Are Similar to O'Dwyer's

Resumption of Work to Be Expedited if Men Ratify Agreement in Balloting Today

Fuel Is Low Schools, Other Places Set to Close Despite Outcome of Tieup

New York, Feb. 8 (AP)—Union leaders predicted that New York Harbor's 3,500 striking tugmen would ratify today terms of a proposal to end the city's worst waterfront tie-up in 27 years. The settlement accord—details of which were not disclosed—was agreed upon by all union and employer groups, and Capt. William Bradley, head of the striking union, said he believed the men would accept it at today's balloting. His statement was echoed by other union officials. James J. McAllister, spokesman for the employers, commenting on the pact, declared: "Things look brighter. But we may way out on a limb in offering our terms."

As the referendum vote by the strikers got underway this morning it was learned unofficially that terms of the proposed contract provide for a 40-hour week and a 15 cents an hour pay increase.

Terms Disclosed
The terms were disclosed by some of the first voters who said the increase was the same as contained in Mayor William O'Dwyer's proposal, turned down by the union Monday.

Other terms of the proposed contract, the strikers said, include two weeks vacation with pay after three years service and retroactivity of the terms to January 1. If owners are granted an increase in towing rates by the government, if no increase is granted, the strikers added, retroactivity would be to February 1.

Those voted later, however, insisted that the referendum provided for retention of a 48 hour week. Original demands by the union were for a 40-hour week, and additional food allowance of 20 cents a day, 13 paid holidays, two weeks vacation and pay increases averaging about 45 cents an hour for licensed personnel and about 65 cents for non-licensed personnel.

Bradley said that if the tugmen ratified the agreement, every effort would be made to expedite resumption of work, adding that he thought it possible that the city's greatest port would return to its normal rate of activity tomorrow morning.

Shutdown Schools Anyhow
But even as the first definite hope for settlement appeared, Mayor William O'Dwyer ordered an indefinite shutdown of all schools at 3 p. m. and the closing of 12 other city buildings to conserve fuel stocks that have been reduced by the fuel oil strike.

He said the five-day-old strike had reduced the fuel oil supply of the 12 buildings to a point where only enough was available to keep pipes from freezing.

The tugmen, members of the International Longshoremen's Association's United Marine Division, struck Monday against the New York Tugboat Exchange in a

Pleads Innocent, To Be Tried With Forman, Feb. 28

New York, Feb. 8 (AP)—John Michael Joyce, Jr., 36, of (237 Overlook Rd.) New Rochelle, N. Y., owner of the Joyce Seven-Up Bottling Co. of New Rochelle, who is charged with diverting sugar to illegal uses, pleaded innocent yesterday in federal court.

Joyce, who was indicted with five other individuals and two corporations, was held in \$1,000 bail by Judge Alfred C. Cox who set February 28 for trial.

Also scheduled for trial at that date on the same charges are Joseph Forman, 40, former counsel of Kingston, N. Y., and William T. Stanton, 40, former P. A. enforcement aide in Albany, N. Y.

How U. N. O. May Use Proposed Site

Map shows how U. N. O. may use the site recommended by its inspecting committee. Shaded areas show two alternate sites for U. N. O. buildings. Numbers denote proposed locations for seven international headquarters buildings. Letter (A) indicates proposed railroad yard from which spurs will be built to connect with existing railroads. (B) locates possible business sites. (C) locates proposed airplane landing strip which will supplement existing airfields (plane symbols). Highways 22, 104, and Merritt Parkway are identified. Broken lines are township boundaries. (AP Map).

UNO Referendum In Greenwich Will Be Held March 2

Mass Meeting Is Called by Veterans; Support of Site Cabled by 10 Organizations

Greenwich, Conn., Feb. 8 (AP)—The referendum at which the citizens of Greenwich will express their desires regarding the locating of the U. N. O. capital in this area will be held March 2 instead of February 23.

The postponement was decided upon last night, and was announced by First Selectman Wilbur M. Peck who said the registrars of voters had requested the delay. The registrars plan to hold sessions for the making of new voters on the two intervening Saturdays and it is believed that new registrations in this period will bring the total eligible to vote on the referendum to 21,000.

For the first time since the controversy over the location of the U. N. O. capital began, veterans or

LeFevre Disagrees With Unions on the Case Bill

Is Not 'Vicious Anti-Labor' Document Says Congressman Representing Ulster County in Reply to Telegrams Sent to Him

The Case anti-strike bill now before Congress is not a "vicious anti-labor" bill, said Congressman Jay LeFevre of New Paltz today, as he pointed out that he had received many more telegrams favoring the passage of the bill from this district than he has from those opposing the bill.

Congressman LeFevre said that the members of Congress are trying to seek industrial peace and be fair to both management and labor, and at the same time protect the public.

LeFevre's Reply
The following is a copy of a letter that Congressman LeFevre has written to officers of several unions located in the 30th Congressional District:

Your telegram urging me to vote against H. R. 5262, known as the Case Bill, is received. I regret

French Urge Postponement Until Next September in Selection of Interim Site

London, Feb. 8 (AP)—A French proposal that the United Nations delay until next September the selection of permanent headquarters in the United States appeared today to have become a central issue in the fight whether the headquarters should be placed in or near New York or at all.

Senator Arthur Vandenberg, U. S. delegate, declared last night that he considered fantastic the idea that the United Nations needed "anything like 45 square miles of the high priced area" proposed on the New York-Connecticut border.

Led by France, anti-New York forces took the Vandenberg statement as a rallying point. When the General Assembly's site committee adjourned today until 2:30 p. m. (9:30 a. m. Eastern Standard Time) Saturday voters were lining up steadily on both sides.

Some members of the American delegation, which sought to maintain its formal stand of neutrality on the site issue, said the outcome at the moment was highly uncertain.

A reliable source said U. S. ex-

Former Dutchess Legislator Takes Crack at Bridge Bill

Emerson D. Fite, Ex-assemblyman, Is Afraid Cost of Kingston-Rhinecliff Span Will Be Tacked on Po'keepsie Bridge, Possibly Boosting Toll

Former Assemblyman Emerson D. Fite of Dutchess county on Thursday described the Wicks-Hatfield bill, which provides for a bridge across the Hudson river, between Kingston and Rhinecliff, and for an interim ferry service, as "a raw deal for Poughkeepsie," according to the Poughkeepsie New Yorker.

The former assemblyman called for a provision in the bill which would prohibit the raising of tolls on the three existing bridges above the present 25-cent level.

Mr. Fite also suggested that the provision for the elimination of the \$7,000,000 bookkeeping charge against the Mid-Hudson Bridge be incorporated in the same bill which provides for the Kingston bridge and ferry service.

Otherwise, he contended, it would be possible for the Legislature to pass the Kingston bridge and ferry bill and thereafter defeat the bill which has as its purpose the ridding of the Mid-Hudson Bridge of the "bookkeeping charge."

Mr. Fite expressed the opinion that under the existing situation, with two bills, it would be possible for the Mid-Hudson Bridge to be "saddled" with part of the expense of the proposed Kingston-Rhinecliff span, and still bear the \$7,000,000 bookkeeping charge which the state contends is owed for the construction costs of the Mid-Hudson Bridge.

He pointed out that the bridge authority is authorized to incur debts up to \$8,000,000 under the Wicks-Hatfield bill, and he estimated that a large portion of such debt would be used in the construction of the Kingston-Rhinecliff bridge.

Since the Wicks-Hatfield bill contains a provision that bonds may be paid off in advance of their due date, he pointed out there might be a temptation to raise tolls to increase revenues. He emphasized that the present bill has no provision which would forbid the bridge authority from raising tolls to a figure above the present 25-cent level.

Sees "Squeeze" on City
Mr. Fite said that the present bridge bill is an attempt to "squeeze" this area because the Mid-Hudson bridge is a prosperous business which more than pays its own way. He charged the state with "using the Mid-Hudson bridge to pay off the debt and construction cost of other bridges because it is the most prosperous of the three existing spans."

The former assemblyman recalled that he charged the state with a 25-cent toll when the state purchased the Bear Mountain bridge and made its purchase price a debt against the tolls of the Mid-Hudson bridge.

He added that, "I didn't get anywhere in that effort. In fact they laughed at me in Albany for even suggesting a 25-cent toll for our bridge."

Sees No End of Tolls
Mr. Fite predicted that when the Kingston-Rhinecliff span is nearly paid for, additional bridges will be provided for at the Newburgh-Beacon crossing and in the Westchester county area. He said that such structures would be tied to the existing bridges and that we will go right on paying tolls even though the Mid-Hudson bridge will have paid for itself many times.

Recalling that the original legislation on the Mid-Hudson bridge provided that it should be toll-free when all land requirements and construction costs were paid, Mr. Fite said that, under the proposed Wicks-Hatfield bill, it will be "many years" at best before the local bridge is toll free.

The Wicks-Hatfield bill provides that none of the bridges shall be toll free until all are toll free, the reference to bridges including the existing bridges and the proposed Kingston-Rhinecliff span. No guarantee is given in the bill that the Mid-Hudson, or other bridges, will be toll free when the existing debt and the debt against the proposed Kingston-Rhinecliff span, are paid.

Asked for his opinion of the plan to purchase ferry terminals for the operation of the interim ferry service between Kingston and Rhinecliff, Mr. Fite questioned the necessity of buying the toll-free slips and land. Informed that the bridge authority is authorized to sell the ferry slips and land, when the bridge is constructed and in use, he smiled and asked "who would buy them then?"

Actress Stricken

New York, Feb. 8 (AP)—Belita Jepson-Turner, British born actress known professionally as Belita, arrived from Europe yesterday aboard a Pan American Constellation and was taken to the Gotham Hotel with a high temperature. Her illness later was diagnosed as measles and officials of Monogram Pictures said she would remain at the hotel for about ten days.

Suspect in Policeman's Slaying

Patrolman Charles Saylor (right) searches Edmund Dotson, 24, Clendenin, W. Va., in a police station after Dotson was captured in a car in Brooklyn, N. Y. Police Capt. George Colgan of the Brooklyn homicide squad said Dotson signed a written statement he fatally shot Patrolman John West of the Nassau county, L. I., N. Y., police February 4.

Behrens Case Is Adjourned Today To City Hearing

Justice H. E. Schirick Will Sit to Hear Action on Reinstatement of Welfare Head

Argument of the show cause order on the application for reinstatement of Major Charles N. Behrens as director of the Kingsburgh Department of Public Welfare, which was to have been heard today at Albany at special term, has been adjourned at the request of the respondents to chambers in Kingston. No date has been set for the hearing which will be heard before Justice Harry E. Schirick.

Postponement of the show cause argument was requested since Corporation Counsel Arthur B. Ewig has been out of town for some time.

Justice Roscoe V. Elsworth made an order returnable today at special term in Albany at which time parties were to be heard on the matter of why the court should not grant an order reinstating and restoring Mr. Behrens to his position which he held when called into military service in September 1940. Mr. Behrens contends that he was granted a leave of absence from his position as director in the Welfare Department and that he should have been reinstated in that position last August when he returned from service and sought to be reinstated.

N. LeVan Haver, who appears for Mr. Behrens, stated today that he had consented to the adjournment to chamber here before Justice Schirick but no date had been agreed upon in the absence of Corporation Counsel Ewig.

Bequeathed to Widow

New York, Feb. 8 (AP)—Harry L. Hopkins' entire estate was left to his widow, Mrs. Louise Macy Hopkins, under terms of his will on file today in surrogate's court.

Hopkins, adviser to the late President Roosevelt, died last week. The will was dated January 6, 1943, and witnesses included the former president. No estimate was given on the value of the estate.

Confers With Bowles

Chester Bowles, O. P. A. chief and key figure in formulation of wage-price policy, left for New York today. Mr. Truman is expected to return to the White House at 8:55 a. m. tomorrow morning for further conferences. He left after a half-hour, declining further comment.

Although their names may not be used, some of those close to the secret negotiations said only the question of what date should apply stands between an 18 1/2 cent an hour wage increase agreement between the union and the U. S. Steel Corporation—bargaining in effect for the entire industry.

The 18 1/2 cent figure was proposed by Mr. Truman on the eve of the strike, which began January 21. The union accepted it then, but the steel corporation turned it down.

Increase Is \$5.25

Now, according to officials in an excellent position to know, the government's prepared to offer the industry a price increase of approximately \$5.25 a ton. This development led to the new and secret conferences between Murray and Stephens.

Those who mentioned the matter of the date, said the corporation is balking at making the wage increase retroactive to January 1, as Mr. Truman suggested.

President Calls Off Vacation

White House Group, Murray Confident on Windup of Country's Major Stoppage

Food Plan

Opposition Is Offered on Overseas Food; Meat Puzzle Unsettled

With renewed intervention by President Truman in the steel strike, government and labor officials looked for an approaching end of the great industrial tieup, while Washington rocked with rumblings on his bread-for-Europe program and higher meat prices loomed in the face of clearing wage disputes in packing industry.

Cancels Vacation

Washington, Feb. 8 (AP)—President Truman today cancelled his contemplated vacation in Florida next week in order to deal with the continuing labor crisis.

The White House announced the President had abandoned his vacation plans "because of the immediate critical situation involving problems requiring his personal attention."

"The President has decided not to leave Washington at this time," the statement said.

The statement, read at a news conference by Eben Ayers, assistant press secretary, said:

"The President has canceled his trip to Florida and the cruise he had planned to take in southern waters because of the immediate critical situation involving problems requiring his personal attention."

Won't Leave Washington

"The President has decided not to leave Washington at this time," the statement said. "The President particularly regrets that he must disappoint the president and governing body of Rollins College, Winter Park, Fla., which had arranged to confer an honorary degree upon him."

"He also regrets that this change in his plans will necessitate a postponement of his meeting with Mr. Winston Churchill. He feels, however, that the unusual circumstances justify his decision. The trip is therefore abandoned."

Earlier in the day, the President had resumed his personal efforts to quickly end the 19-day steel strike.

U. S. Steel Corporation officers who have held secret conferences with C.I.O. President Philip Murray over the past few days were non-committal. Vice-President John A. Stephens declined even to discuss his report to Mr. Truman, who summoned both Murray and Stephens to the White House late yesterday.

But Murray and top White House advisers spoke confidently of hopes that the new talks would bring a speedy end to the strike of 750,000 C.I.O. Steelworkers, the biggest single work stoppage on record.

Confers With Bowles

Chester Bowles, O. P. A. chief and key figure in formulation of wage-price policy, left for New York today. Mr. Truman is expected to return to the White House at 8:55 a. m. tomorrow morning for further conferences. He left after a half-hour, declining further comment.

Strikes at a Glance

(By The Associated Press)

Approximately 1,460,000 workers idle in continuing labor disputes.

Major developments:

Steel—Settlement of 19-day steel strike, country's biggest work stoppage affecting more than 850,000 workers, appears imminent, government and union officials express hopes for quick end as President Truman renews efforts to settle wage dispute, reoffering proposed 18 1/2 cents hourly wage hike; government reportedly ready to offer industry price increase of about \$5.25 a ton.

Meat—Government fact-finding board recommends 16 cents hourly wage increase for settling meat industry's wage dispute, with 11 cents to be covered by price increase or federal subsidy, proposal termed "unfair to industry" by American Meat Institute, A. F. L. union says it will ask workers to accept hike, C. I. O. union to act on findings next week; wage stabilization board must give approval.

Shipping—A. F. L. union leaders predict 3,500 striking tugmen will ratify terms of a proposal to end five-day walkout which is crippling shipping in New York Harbor, sharply curtailing city's fuel and food supplies; government operates strike-bound industry but strikers, if ratify agreement, expected back to work immediately; schools to shut down indefinitely.

Communications—Two hour work stoppage scheduled for Monday in the metropolitan New York area in support of striking Western Union employees has been canceled by the Greater New York C. I. O. Council.

Former Dutchess Legislator Takes Crack at Bridge Bill

Emerson D. Fite, Ex-assemblyman, Is Afraid Cost of Kingston-Rhinecliff Span Will Be Tacked on Po'keepsie Bridge, Possibly Boosting Toll

Former Assemblyman Emerson D. Fite of Dutchess county on Thursday described the Wicks-Hatfield bill, which provides for a bridge across the Hudson river, between Kingston and Rhinecliff, and for an interim ferry service, as "a raw deal for Poughkeepsie," according to the Poughkeepsie New Yorker.

The former assemblyman called for a provision in the bill which would prohibit the raising of tolls on the three existing bridges above the present 25-cent level.

Mr. Fite also suggested that the provision for the elimination of the \$7,000,000 bookkeeping charge against the Mid-Hudson Bridge be incorporated in the same bill which provides for the Kingston bridge and ferry service.

Otherwise, he contended, it would be possible for the Legislature to pass the Kingston bridge and ferry bill and thereafter defeat the bill which has as its purpose the ridding of the Mid-Hudson Bridge of the "bookkeeping charge."

Mr. Fite expressed the opinion that under the existing situation with two bills, it would be possible for the Mid-Hudson Bridge to be "saddled" with part of the expense of the proposed Kingston-Rhinecliff span, and still bear the \$7,000,000 bookkeeping charge which the state contends is owed for the construction costs of the Mid-Hudson Bridge.

He pointed out that the bridge authority is authorized to incur debts up to \$5,000,000 under the Wicks-Hatfield bill, and he estimated that a large portion of such debt would be used in the construction of the Kingston-Rhinecliff bridge.

Since the Wicks-Hatfield bill contains a provision that bonds may be paid off in advance of their maturity, he pointed out there might be a temptation to raise tolls to increase revenues. He emphasized that the present bill has no provision which would forbid the bridge authority from raising tolls to a figure above the present 25-cent level.

Sees "Squeeze" on City

Mr. Fite said that the present bridge bill is an attempt to "squeeze" this area because the Mid-Hudson bridge is a prosperous business which more than pays its own way. He charged the state with "using the Mid-Hudson bridge to pay off the debt and construction cost of other bridges because it is the most prosperous of the three existing spans."

The former assemblyman recalled that the state assemblyman bought the Bear Mountain bridge and made its purchase price a debt against the tolls of the Mid-Hudson bridge.

He added that "I didn't get anywhere in that effort. In fact they laughed at me in Albany for even suggesting a 25-cent toll for our bridge."

Sees No End of Tolls

Mr. Fite predicted that when the Kingston-Rhinecliff span is nearly paid for, additional bridges will be provided for at the Newburgh-Beacon crossing and in the Westchester county area. He said that such structures would be tied to the existing bridges and that he will go right on paying tolls even though the Mid-Hudson bridge will have paid for itself many times.

Recalling that the original legislation on the Mid-Hudson bridge provided that it should be toll-free when all land requirements and construction costs were paid, Mr. Fite said that, under the proposed Wicks-Hatfield bill, it will be "many years" at best before the local bridge is toll free.

The Wicks-Hatfield bill provides that none of the bridges shall be toll free until all are toll free. He referred to bridges including the existing bridges and the proposed Kingston-Rhinecliff span. No guarantee is given in the bill that the Mid-Hudson, or other bridges, will be toll free when the existing debt and the debt against the proposed Kingston-Rhinecliff span, are paid.

Asked for his opinion of the plan to purchase ferry terminals for the operation of the interim ferry service between Kingston and Rhinecliff, Mr. Fite questioned the necessity of buying the ferry slips and land. He informed that the bridge authority is authorized to sell the ferry slips and land, when the bridge is constructed and in use. He smiled and asked "who would buy them then?"

Dewey Budget Is Due for Slam by State Taxpayers

Groups From All Sections Ask for Time on Floor in Meeting Set for February 13

By HENRY LEADER

Albany, N. Y., Feb. 8 (AP)—Spokesmen for taxpayers' organizations in virtually every section of the state will attack Governor Dewey's record high \$55,000,000 budget at a public hearing next Wednesday in the Assembly chamber.

Among those who have asked for speaking time are the Citizens League of New York, the Monroe county, the Chenango County Taxpayers Association, the Columbia County Taxpayers Organization and the Citizens Public Expenditure Survey.

The survey, a private statewide taxpayers' organization, has been the only group publicly to criticize the 1946-47 budget, which Dewey submitted to the legislature January 31. The survey claims the total estimate could be lowered considerably without impairing state services.

The Democrats are preparing a critical analysis of the budget for week-end release. Party insiders say it will be thorough-going.

New York city probably will have the greatest representation at the budget hearing. Included will be spokesmen for the United Parents Association, the Teachers Union, the joint committee on teachers organizations, the High School Teachers Association and the Association of First Assistants in New York city schools.

May Praise Budget

It is understood that a statewide teachers organization will praise the budget.

The National Lawyers Guild will deal with that part of the budget related to the Moore Commission program of state assistance to localities. Several speakers will represent the state C.I.O. The Socialist Party also has asked for time.

Dewey's budget includes a \$9,000,000 increase for the Department of Mental Hygiene, but Senator Lowell H. Brown contends it is insufficient by at least \$3,000,000.

Hospitals a Disgrace

The Bronx Republican issued a statement describing conditions in the state mental hospitals as a disgrace. He said there were "appalling conditions of overcrowding and lack of personnel."

Brown and Assemblyman Bernard Austin, Brooklyn Democrat, introduced a bill creating a temporary commission to take a comprehensive study of the care and treatment of patients and the general efficiency of the mental institutions.

Senator Thomas C. Desmond, Newburgh Republican, offered a bill to establish a state institute for inquiry into the basic causes of criminal behavior. The institute, employing modern scientific techniques, would make intensive studies of selected groups of offenders.

Want Track Funds

Senator Seymour Halpern and Assemblyman Samuel Rabin, Queens Republicans, proposed legislation that would require race tracks to turn over one cent of every wagered dollar to the city or county in which the tracks are located. The state gets six per cent and the tracks four per cent of the pari-mutuel handle.

Seymour Halpern Bill would reduce the state take to five per cent and the tracks to four.

The bill further provides that the entire "breakage" be turned over to the state for veterans' welfare purposes.

Suspect in Policeman's Slaying

Patrolman Charles Saylor (right) searches Edmund Dotson, 24, Clendenin, W. Va., in a police station after Dotson was captured in a car in Brooklyn, N. Y. Police Capt. Cancels Vacation

Washington, Feb. 8 (AP)—President Truman today cancelled his contemplated vacation in Florida next week in order to deal with the continuing labor crisis.

The White House announced the President had abandoned his vacation plans "because of the immediate critical situation involving problems requiring his personal attention."

"The President has decided not to leave Washington at this time," the statement said.

"The President has canceled his trip to Florida and the cruise he had planned to take in southern waters because of the immediate critical situation involving problems requiring his personal attention."

Won't Leave Washington

"The President has decided not to leave Washington at this time," the statement said.

"The President particularly regrets that he must disappoint the president and governing body of Rollins College, Winter Park, Fla., which had arranged to confer an honorary degree upon him."

He also regrets that this change in his plans will necessitate a postponement of his meeting with Mr. Winston Churchill. He feels, however, that the unusual circumstances justify his actions. The trip is therefore abandoned.

Earlier in the day, the President had resumed his personal efforts to quickly end the 19-day steel strike.

U. S. Steel Corporation officers who have held secret conferences with C.I.O. President Philip Murray over the past few days were non-committal.

Vice-President John A. Stephens declined even to discuss his report to Mr. Truman, who summoned both Murray and Stephens to the White House late yesterday.

But Murray and top White House advisers spoke confidently of hopes that the new talks would bring a speedy end to the strike of 750,000 C.I.O.-Steelworkers, the longest single work stoppage on record.

Confers With Bowles

Chester Bowles, O.P.A. chief and key figure in formulation of wage-price policy, with Mr. Truman last night, returned to the White House at 8:55 a. m. today for further conferences. He left after a half-hour, declining further comment.

Although these names may not be used, some of those close to the secret negotiations said only the question of what date should apply stands between an 18 1/2 cent an hour wage increase agreement between the union and the U. S. Steel Corporation—bargaining in effect for the entire industry.

The 18 1/2 cent figure was proposed by Mr. Truman on the eve of the strike, which began January 21. The union accepted it then, but the steel corporation turned it down.

Increase Is \$5.25

Now, according to officials in an excellent position to know, the government's prepared to offer the industry a price increase of approximately \$5.25 a ton. This development led to the new and secret conferences between Murray and Stephens.

Those who mentioned the matter of the strike said the corporation is backing the wage increase retroactive to January 1, as Mr. Truman suggested.

Behrens Case Is Adjourned Today To City Hearing

Justice H. E. Schirick Will Sit to Hear Action on Reinstatement of Welfare Head

Argument of the show cause order on the application for reinstatement of Major Charles N. Behrens as director of the Kingston Department of Public Welfare, which was to have been heard today at Albany at special term, has been adjourned at the request of the respondents to chambers in Kingston. No date has been set for the hearing which will be heard before Justice Harry E. Schirick.

Postponement of the show cause argument was requested since Corporation Counsel Arthur B. Ewig has been out of town for some time.

Justice Roscoe V. Elsworth made an order returnable today at special term in Albany at which time parties were to be heard on the matter of why the court should not grant an order reinstating and restoring Mr. Behrens to his position which he held when called into military service in September 1940. Mr. Behrens contends that he was granted a leave of absence from his position as director in the Welfare Department and that he should have been reinstated in that position last August when he returned from service and sought to be reinstated.

N. LeVan Haver, who appears for Mr. Behrens, stated today that he had consented to the adjournment to chambers here before Justice Schirick but no date had been agreed upon in the absence of Corporation Counsel Ewig.

Sawkill Husband Awaits War Bride

John Duffy Meets English Born Wife Sunday in New York City

The arrival of Mrs. John Duffy, wife of John Duffy of Sawkill, on the Queen Mary, Saturday, will mark the arrival of a third local serviceman's wife this year. On board the same ship is Mrs. George C. Kuriger, of Ireland, wife of George Kuriger, 493 Wilbur avenue. Mrs. Donald Burgher, wife of Donald Burgher, 28 East Chester street, arrived from Holland in January.

Mrs. Duffy is the former Pearl Joan Ash of Kidderminster, Worcestershire, England. The couple were married June 10, 1941, when Mr. Duffy was stationed in England with the Army's 52nd Central Postal Directory in September after 34 months of service.

Since his discharge from the army, December 5, Mr. Duffy has been employed by Doc Smith Garage. He plans to go to New York Sunday to meet Mrs. Duffy. After a week in the city and a visit with his mother, Mrs. Patrick Duffy formerly of Sawkill, Mr. and Mrs. Duffy will return to Kingston. They expect to make their home in Sawkill.

Bequeathed to Widow

New York, Feb. 8 (AP)—Harry L. Hopkins' entire estate was left to his widow, Mrs. Louise Macy Hopkins, under terms of his will on file today in surrogate's court. Hopkins, adviser to the late President Roosevelt, died last week. The will was dated January 6, 1943, and witnesses included the former president. No estimate was given on the value of the estate.

Strikes at a Glance

(By The Associated Press)

Approximately 1,460,000 workers idle in continuing labor disputes.

Major developments:

Steel—Settlement of 19-day steel strike, country's biggest work stoppage affecting more than 850,000 workers, appears imminent, government and union officials express hopes for quick end as President Truman renews efforts to settle wage dispute, offering proposed 18 1/2 cents hourly wage hike; government reportedly ready to offer industry price increase of about \$5.25 a ton.

Meat—Government fact-finding board recommends 16 cents hourly wage increase for settling meat industry's wage dispute, with 11 cents to be covered by price increase or federal subsidy, proposal termed "unfair to industry" by American Meat Institute, A.F.L. union says it will ask workers to accept hike. C.I.O. union to act on findings next week; wage stabilization board must give approval.

Shipping—A.F.L. union leaders predict 3,500 striking tugmen will ratify terms of a proposal to end five-day walkout which is crippling shipping in New York Harbor, sharply curtailing city's fuel and food supplies; government operates strike-bound industry, but strikers, if ratify agreement, expected back to work immediately; schools to shut down indefinitely.

Communications—Two hour work stoppage scheduled for Monday in the metropolitan New York area in support of striking Western Union employees has been canceled by the Greater New York C.I.O. Council.

Pleads Innocent, To Be Tried With Forman, Feb. 28

New York, Feb. 8 (AP)—John Michael Joyce, Jr., 26, of 1237 West 141st St., New Rochelle, N. Y., owner of the Joyce Seven-Up Bottling Co. of New Rochelle, who charged of diverting sugar to illegal uses, pleaded innocent yesterday in federal court.

Joyce was indicted with two other individuals and two corporations, was held in \$1,000 bail by Judge Alfred C. Cox who set February 28 for trial.

Also scheduled for trial at that date on the same charges are Joseph Forman, 40, former corporation counsel of Kingston, N. Y., and William T. Stanton, 40, former U.S.A. enforcement aide in Albany, N. Y.

LeFevre Disagrees With Unions on the Case Bill

Is Not 'Vicious Anti-Labor' Document Says Congressman Representing Ulster County in Reply to Telegrams Sent to Him

The Case anti-strike bill now before Congress is not a "vicious anti-labor" bill, said Congressman Jay LeFevre of New Paltz today, as he pointed out that he had received many more telegrams favoring the passage of the bill from this district than he has from those opposing the bill.

Congressman LeFevre said that the members of Congress are trying to seek industrial peace and are fair to both management and labor and at the same time protect the public.

LeFevre's Reply

The following is a copy of a letter that Congressman LeFevre has written to officers of several unions located in the 30th Congressional District:

Your telegram urging me to vote against H. R. 5262, known as the Case Bill, is received. I regret that you have taken this position as I do not think you had the opportunity to thoroughly study the provisions of the Bill since it has just recently been published. I hope you realize that every member in the House of Representatives is convinced that something must be done to bring about industrial peace in our country.

The strike situation has increased to the point where the nation's total unemployment is approximately 1,400,000. This is bringing about the slow-strangulation of industry at a time when everyone should be bending every effort to so increase production that we will have a minimum of inflation. According to President Truman's message to the people, inflation is one of the most dangerous things facing America today.

Expect to Resume Lackawack Work In the Near Future

Bids Re-opened for Project Which Was Halted by War; Would Employ Large Number of Men

The New York Board of Water Supply will make another attempt to resume construction operations on the Lackawack water works project, it was disclosed today.

The project was about half completed when war conditions terminated work there and on contracts for the completion of the Merriman Dam and other facilities along the upper Rondout.

Bids are being advertised for and the board will open such bids on February 26. An attempt was made to get the work started last September but bids opened at that time were rejected on the grounds they were excessive. The City of New York is anxious to get the work started as soon as possible and for that reason bids are being re-opened in the hopes that if the contractors submit favorable bids work can be started this spring and advantage taken of the coming spring and summer work period.

Original Bid Excessive
The bids opened last September were found to be high, in fact the bids for completion of the remaining half of the work were approximately as much as was the original bid of \$15,000,000 for the entire job when first let before the war. Last September it was stated labor conditions were in such a state of uncertainty that contractors were forced to submit high bids in order to cover possible increases in labor which might be granted prior to completion of the job. The result was all bids were rejected as excessive.

In some construction circles it is believed that conditions have improved or are more certain now than last fall and with this in view New York city has again sought bids in the hopes of getting a favorable bid at this time.

55 Percent Completed
It is estimated that about 55 percent of the work remains to be completed. Much of the work already done is in the nature of tunnels and underground work which are not visible. The work from now on will make more of a visible showing. Should the job get under way this season, it will provide work for hundreds of local men and help relieve to a large extent the present unemployment situation.

ACCORD

Accord, Feb. 9—Worship services at Reformed Church Sunday morning at 10:30 o'clock, the Rev. Williams Mathews of New Brunswick, N. J. will occupy the pulpit. Sunday school at 9:30 o'clock.

Worship services at Methodist Church Sunday morning at 10 o'clock, the Rev. Arthur Cataldo, pastor, Sunday school at 9:30 o'clock.

Mrs. Chester Quick is spending a week with Mr. and Mrs. Coster Quick at their home in Glens Falls.

Ralph Frankle was removed to the Veterans Memorial Hospital Ellenville one day this week.

The sympathy of the community is extended to the family of Charles Knowles who died at the home of his parents Saturday.

The 4-S will hold the regular monthly meeting at the home of Miss Edna Baker Tuesday evening, February 19, at 8 o'clock. All members are urged to be present.

The clothing drive which has been sponsored by the Holiday Club under the direction of the Rev. Prof. of Kerkhousen, has been very successful.

Word has been received that Det. Vernon Smith has arrived in the states on route from Japan.

Donald Markle, son of Frank Markle who recently entered the U. S. Army is stationed at Fort Hancock, N. J.

Paul Whitten, son of Mr. and Mrs. William Whitten who recently joined the U. S. Navy is stationed at Williamsburgh, Va.

Mr. and Mrs. Howard Anderson have arrived in Florida for a short vacation.

Sees Good Business
Shanghai, Feb. 8 (AP)—Milton J. Helmick, former judge of the U. S. Court for China, said today he believes foreign business will be able to operate profitably in China under the new Chinese company law. He termed it "a reasonable and modern piece of legislation." Helmick arrived yesterday from the United States to be legal counsel for Standard Oil.

Negro History Week
Albany, N. Y., Feb. 8 (AP)—Governor Dewey today proclaimed February 10-17 as "Negro History Week" and asserted that "the people of New York state should recognize and pay tribute to the achievements of the Negro race."

Yamashita Stakes Life On Plea to President

Washington, Feb. 8 (AP)—Lt. Gen. Tomoyuki Yamashita staked his life today on a last-chance clemency plea to President Truman, commander-in-chief of his conquerors.

The erstwhile "Tiger of Malaya" is seeking to escape an ignominious death on the gallows as a war criminal, and his appeal to the White House won him at least a temporary reprieve.

Gen. Douglas MacArthur was instructed by the War Department to hold up execution of Yamashita's death sentence until further advised.

MacArthur earlier this week reviewed and affirmed Yamashita's recent conviction by a Manila military tribunal on charges of responsibility for atrocities in the Philippines.

Yamashita's plea was filed by his defense counsel, the War Department disclosed last night, adding that it already had been sent to the White House. It was accompanied by an opposing statement from prosecuting counsel, which Mr. Truman also will study.

Easier G.I. Loan Rates Imminent for Veterans

Washington, Feb. 8 (AP)—A Veterans Administration official said today it may be possible to put the broadened loan provisions of the G.I. Bill of Rights into effect early next month. The new rules make it simpler for a veteran of World War II to borrow. They became law December 28 but the V.A. was given 90 days to complete the extensive paper work necessary to get the plan going. Meanwhile the old and tougher regulations apply.

Liquor Situation Tight In State of Pennsylvania

Harrisburg, Pa., Feb. 8 (AP)—Pennsylvanians hoping for an early end to liquor rationing got no encouragement today from the Liquor Control Board which said President Truman's order for the conservation of grain "will tend to decrease the supply of liquor."

"Shipments are coming in right now," a spokesman for the board said, "but the effect of the conservation order probably will be felt soon." Rationing of certain types of whiskey began in Pennsylvania on November 15, 1943.

The Joiners

News of Interest to Fraternal Organizations
The regular meeting of Mystic Court, 62, O. of A., will be held at Masonic Temple Monday evening. A reception will be given the newly installed royal matron and royal patrons. Members are urged to attend. Master Masons are always invited.

State Nominations

Albany, N. Y., Feb. 8 (AP)—Governor Dewey today sent to the Senate for confirmation the following appointments: Benson R. Frost, Rhinebeck, to the Board of Visitors of Hudson River State Hospital; Howland S. Davis, Tivoli, to the Taconic State Park Commission; George W. Perkins, Cold Spring, to the Palisades Interstate Park Commission.

Sorry, No Coffee

Shanghai, Feb. 8 (AP)—Doughnuts are still being handed out by Red Cross girls on Pacific bases, but many of their stands are displaying signs reading: "Sorry—no coffee." An acute water shortage is affecting the Red Cross coffee pots on Johnson, Kwajalein and Guam Islands.

UNDER FIRE

Wood has been received that Det. Vernon Smith has arrived in the states on route from Japan.

Donald Markle, son of Frank Markle who recently entered the U. S. Army is stationed at Fort Hancock, N. J.

Paul Whitten, son of Mr. and Mrs. William Whitten who recently joined the U. S. Navy is stationed at Williamsburgh, Va.

Mr. and Mrs. Howard Anderson have arrived in Florida for a short vacation.

Financial and Commercial

New York, Feb. 8 (AP)—Scattered stocks made little recovery today although many market leaders continued to seek lower ground.

Prices showed a fairly active and steady opening. Dealings turned sluggish and fractional irregularity was the rule near the fourth hour.

The long wait for the administration's formula to iron out labor controversies tended to accentuate investment caution with the idea that results might not be as constructive as expected. Steels enjoyed a mild advance at the start on hopes of a quick finish to the strike in this field but subsequently backed away. Liquors, steady for a while, again weakened in response to the banning of wheat for alcoholic beverage manufacture.

Bonds were narrow and commodities higher.

Chichester Squatter Gets 180-Day Term

Theron Hamilton, 50, of Chichester, was sentenced to 180 days in the Ulster county jail yesterday, when arraigned before Justice William C. Weyman, of Phoenix, on charges of unlawful entry.

Hamilton's arrest followed complaints by Chichester residents that some unauthorized person was occupying a bungalow owned by Asa Herzog of New York city. Deputy Sheriff Theron Townsend, who investigated for the sheriff's office, found Hamilton asleep in the bungalow.

Hamilton is said to have occupied the bungalow for 10 days and had been helping himself to food supplies stored in the bungalow, a supply of kerosene and an oil stove.

Berle Resigns

Rio de Janeiro, Brazil, Feb. 8 (AP)—Adolf Berle, Jr., U. S. ambassador to Brazil, announced today he had submitted his resignation to President Truman. Berle, a former assistant secretary of state, presented his credentials as ambassador January 30, 1945.

Tow Sentenced

New York, Feb. 8 (AP)—Irving Tow, 40, former executive of a New Rochelle, N. Y., hardware firm, was sentenced in Federal Court today to six months in prison on his guilty plea of illegal diversion of high priority bandage material during the war.

Ceilings on New Homes

Washington, January 8 (AP)—The House Banking Committee approved today emergency housing legislation providing for price ceilings on new homes and for continuation of government allocation of scarce building materials.

A Scalp Treatment But Not by Design

Philadelphia, Feb. 18 (AP)—A whirling drill caught the hair of Mrs. Freda McKeith, attractive 36-year-old brunette, and wrenched four square inches of scalp from her head.

Surgeons at Bryn Mawr Hospital sent to the Autocut Works at nearby Ardmore yesterday and got the skin. Then in an emergency operation, they sewed Mrs. McKeith's scalp back to her head.

"She will be quite all right," surgeons said.

New York City Produce Market

Egg Prices

WOMEN AND CHILDREN SAVED FROM YUKON

Bobbing in choppy water, this lifeboat took first group of women and children from wrecked liner Yukon to cutter Onondaga near Seward, Alaska. (AP Wirephoto).

GERMANS SENTENCED

Nuernberg, Feb. 8 (AP)—Thirteen youthful members of the "Christian Pathfinders"—an organization devoted to distributing verse derogatory to American troops and compiling lists of frailems who fraternized with U. S. soldiers—were sentenced today to prison terms ranging from 45 days to five years by a military tribunal at Coburg.

Communications Bothered

New York, Feb. 8 (AP)—Radio communications with Europe and Asia were disrupted early today by the effects of two large sunspots. Mackay Radio and Telegraph Company reported its east-west channel to Europe was entirely "blacked out" shortly after midnight and that it had "very bad" contact with its South American points.

Juliana Has Pneumonia

Amsterdam, Feb. 8 (AP)—Princess Juliana, recovering from the measles, has been stricken by a light case of pneumonia. An official announcement today said her condition was progressing favorably.

Churchills to Florida

Havana, Feb. 8 (AP)—Mr. and Mrs. Winston Churchill will leave by plane this afternoon for Miami, ending their Cuban holiday. They are expected to reach the resort between 10 and 6 p. m. Eastern Standard Time.

Brown-Out Shrouds New York in Gloom

New York, Feb. 8 (AP)—The world's greatest city wore its drab, brown coat again today—the coat it thought it had put away for good at the end of the war.

Along Broadway giant advertising display signs and gleaming theatre marquees were dimmed in compliance with Mayor O'Dwyer's "lights out" proclamation to conserve fuel during the toughest strike.

The revolving news bulletins on the Times building, the animated cartoons and the cigarette sign that blows smoke rings were among principal victims of the dimout.

Only the street lamps and lights from within stores and amusement places—not affected by the order—kept the area from hitting its wartime gloom.

And in the tangled miles of subways, the rattling trains were without heat.

The Broadway commercial signs began to fade shortly after the issuance of the O'Dwyer order Wednesday night and by last night all were shut off.

Minister, Woman Injured in Collision

The Rev. William T. Renison, rector of Trinity Episcopal Church, Saugerties, received an injury to his knee and Miss Lillian Mullen of Saugerties sustained a fracture of the right wrist and lacerations of the eye and forehead, when the automobile being driven by the Rev. Mr. Renison was in collision with a south-bound Mt. View bus about 7:55 Thursday night. Miss Mullen, after treatment by Dr. B. W. Gifford, was taken to the Benedictine Hospital.

The Rev. Mr. Renison's daughter, Mrs. Margaret Faxon, and Mrs. John T. Washburn, who with Mrs. Mullen were passengers in the car, escaped injury.

Sergeant Mills of the Saugerties Police Department, who investigated the accident, found that the Rev. Mr. Renison was driving east from Montgomery street, to cross Port Jervis just as the bus came along and the two vehicles collided at the corner. Both car and bus were damaged in front. No injuries to passengers on the bus were reported.

Newspaperman Murdered

Philadelphia, Feb. 8 (AP)—Howard Tupper, 45-year-old newspaperman, was found stabbed to death early today in the kitchen of his home. A butcher knife was beneath the pajama-clad body. Police began an investigation. Police said the Taylors occupy the same house in which James Whiteside, an artist, was killed in an unsolved 1929 shooting.

What a Puff!

Melton Park, Surrey, England, Feb. 8 (AP)—A terrific gale lashing southern England caught 87-year-old James Mottram, hurled him flat on his face, and drove his pipe stem through the back of his throat into his spinal column. The coroner's verdict today was accidental death.

Endorse New Parkway

New York, Feb. 8 (AP)—The executive committee of the Regional Plan Association endorsed yesterday the Palisades Interstate Parkway Commission plan for a 12-mile parkway atop the cliffs from the George Washington Bridge to the New York State line.

STRANGLER

Mary Lou Jenkins, 20 (above), found dead in her home at Columbia, Mo., was raped and strangled with a piece of lamp cord, Coroner E. J. Ward said. (AP Wirephoto).

Expert Points Out Gasoline Dangers Kiwanis Talk

Members of the Kingston Kiwanis Club, which are strikingly aware of the danger of having gasoline in the house, were interested in a talk by Charles Vogel, of the Underwriting Fire Insurance Company, Wednesday night.

Vogel pointed out that gasoline is five times more dangerous than dynamite. Kiwanians were warned that the danger from a gasoline explosion is not static, but dynamic. The danger is in the presence of static electricity, which is a pair of oppositely charged surfaces, one being cleaned with gasoline and the other with a cloth, producing enough static electricity to cause an explosion. The possible effect could be obtained by stroking a cat's back with a cloth, or by pouring gasoline from a can.

Mr. Vogel said that fuel, heat and air are necessary for fire, the vapor stage being reached before there is a flame. Four drops of gasoline were placed in a tube, an electric spark was introduced and there was a sizeable explosion. An eye-witness said that the vapor stage was reached before there was a flame. The same tube, but the spark was not introduced, and no explosion occurred. The mixture was then exploded and there was a sizeable explosion. Comment was made that this was what happened when the motorist "flooded" his engine when the car refused to start.

GREENWICH TOWNSFOLK AT PROTEST MEETING

Residents of Greenwich, Conn., fill the auditorium of Greenwich High School as they attend a meeting to protest the selection of the Stamford-Greenwich-Westchester county area for the permanent capital of the U.N.O.

GARDINER

Gardiner, Feb. 7.—Mrs. Lawson Upright was in Poughkeepsie on Saturday.

Edward Burke, U.S.M.C., is home on furlough.

Mr. and Mrs. Merritt Butties and children of Walden, and Mr. and Mrs. Oliver Dunbar of Kingston, were Sunday guests of Mrs. Etta Butties.

Mrs. Margaret Hasbrouck of Flushing is a guest of her brother and sister-in-law, Mr. and Mrs. A. D. McKinstry.

Mr. and Mrs. Edward O'Neil of Port Washington are visiting his mother, Mrs. Anna O'Neil, Mr. O'Neil is convalescing from a recent appendectomy.

Mr. and Mrs. Isaac Williamson and daughter, Ruth, were dinner guests of Mr. and Mrs. Myron Wells on Saturday evening.

Mr. and Mrs. Joseph Devo were in Kingston last Wednesday. Mrs. Ernest Herrick had the misfortune to fall on the ice breaking her wrist.

Robert Devo and son of Poughkeepsie, spent Friday with his mother, Mrs. Harry Devo.

John Otis, Leo Clinton, Philip Donahue and John Ostrander attended the Agriculture meeting at Kingston last Thursday.

Mr. and Mrs. Isaac Williamson, Jr., and Miss Jane Otis were in Newburgh on Saturday.

Mr. and Mrs. George Jayne and children of Mohonk Lake were dinner guests of Mr. and Mrs. Lewis Jayne on Sunday.

Miss Frances Cusick of Brooklyn was a week-end guest of Mr. and Mrs. Ernest Herrick.

Sgt. Lewis M. Jayne, Jr., was given an honorable discharge from the U. S. Army at Fort Dix on February 2. He entered the Army from Chicago, August 14, 1943. He served with the 701st Tank Battalion and was with the Ninth Army when they met the Russians at the Elbe River.

Reformed Church News—Sunday morning worship services begin at 11 o'clock with Sunday school at 10 o'clock.

The consistory will hold its monthly meeting at the parsonage on Monday evening, February 11. The Dutch Circle will meet the same evening at the home of Mrs. Clifford Hoppenstedt. The Circle is sponsoring a Valentine party at the church hall on February 14. Everyone is welcome. You may choose the game you like best to play. Refreshments will be served and prizes awarded.

We are glad to announce that 1,400 pounds of clothing was collected in the town of Gardiner for the needy of Europe.

U.N.R.R.A. has provided corn from the Dominican Republic for Yugoslavia; Peruvian beans for Czechs; Uruguayan cheese for the Poles.

REBUILDING DNEPR DAM

Russian workmen push toward completion the reconstructed dam on the Dnepr river near Dnepropetrovsk, damaged by the Russians in August, 1941, when they were falling back before the German advance.

PHOENICIA

Phoenicia, Feb. 7.—Dr. Jack Lurie, who has an office in Kingston, has opened an office in the Harry Krom house on Church street.

There was no school in two rooms this week as Mrs. Leonard Ford and Mrs. J. Reilly were ill.

Many of the school children are recovering from an attack of grip. G. Conway has purchased the J. H. Shuter property and is moving his plumbing material and other goods that he handles to a showroom there. S. Davis, the movie director, has purchased the property between the Gordon pharmacy and the Brethaupt Funeral Home. This caused the removal of the plumbing shop.

Lonnie Gale of the Merchant Marine, who was in the Pacific area, and who has been home on furlough has gone to the Atlantic area.

District Deputy President Claudia Williams of Agapae Rebekah Lodge, Bearsville and four of her staff visited Tiskilua Rebekah Lodge Tuesday evening.

Mr. and Mrs. James Simpson are ill.

4-H CLUB NEWS

Katrine Meeting
The regular meeting of the Lake Katrine 4-H Club scheduled for February 13, has been postponed until February 20. The meeting will be held at the home of Hubert Brink.

Republicans May Meet on 'Platform' Plans in Spring

By D. HAROLD OLIVER

Washington, Feb. 7 (AP)—Another meeting of the Republican National Committee this spring to consider additions to the 1946 election "platform" is considered likely in party circles.

Proposed planks from governors and others are coming into national headquarters of the party in response to a letter asking for ideas by February 28.

The letter went to the nation's Republican governors, senators, representatives, national committee members, state, district, county and precinct leaders. It was an outgrowth of a national committee meeting in Chicago last December 8.

At that meeting the national committee endorsed as a "basis" of 1946 party policy a statement of "principles, policies and objectives" drawn by Republicans in Congress. It said the congressional declaration should be "further developed and augmented" by ideas of all Republicans.

To integrate these ideas a seven-member committee on development of national policy was appointed. It is expected that this group will meet next month and digest the proposals for submission later at a full national committee meeting.

Some platform proposals already received make suggestions for regional planks, others want the general declarations of the interim platform "spelled out."

Among the proposed regional planks is one adopted by 12 state chairmen at Detroit. This, among other things, called for court adjudication of violations of collective bargaining contracts and a platform reflecting the "midwest" viewpoint.

Professional contest enterers say that the best time to get into a contest is during the first week because competition is not as great at that time.

Flashes of Life Sketched in Brief

Heavy Babies

New York, Feb. 8 (AP)—Triplets that weighed three pounds each at birth will tip the scales for a total of more than 1,200 pounds today on their second birthday.

That is, if the keepers at the New York Zoological Park can get the three young tigers into the weighing cage.

The keepers estimate the animals—two males and a female—weigh 438, 463 and 340 respectively.

Bargain Offer

Salt Lake City, Feb. 8 (AP)—Tickets to the Utah-Brigham Young basketball game here tomorrow night are scarcer than nylons.

With all 2,200 tickets sold five days before the contest, one fan ran this ad in the Salt Lake Telegram:

"Will exchange four pairs 51-gauge nylons for four tickets to Utah-N.Y.U. basketball game."

Not on Your Life

Kansas City, Feb. 8 (AP)—Edward Hamler, 20-year-old former sailor and a victim of the housing shortage, thought he had found a bargain.

A real estate agent told him he knew of a real buy at \$3,000 which would be available in about three months.

"I'll take you around to see it," the agent said. Then Hamler learned the address. It was the house of his parents, where he and his wife are visiting.

There was no sale.

Home Service

Springfield, Ill., Feb. 8 (AP)—A Springfield house hunter promises weekly service until next Christmas to the person who gives him information about a vacancy.

The home seeker, in a classified ad in the Illinois State Journal and Register, says he will deliver a case of beer weekly until December 25. Further, he says he will remove the empty bottles each week.

Mounted Picket

Gary, Ind., Feb. 8 (AP)—Kenneth Morley rode the picket line at the Gary Works of Carnegie-Illinois Steel Corp. yesterday.

Morley, one of the striking C.I.O. Steelworkers, appeared on the line riding a big bay horse named Prince.

A cloth picket sign adorned Prince's nose.

During the ten years preceding World War II, the population of India increased slightly more than 50,000,000 despite a death rate three times that of the United States.

Let Rudolph's Help You Make Valentine's Day, February 14, a Memorable One

Rudolph's Jewelry
Will Reach Her Heart

Here's advice from Dan Cupid on winning your fair lady's heart... speak to her of love... be gay and sentimental... give her gifts of lasting loveliness, charming tokens of your affection, from Rudolph's, your dependable jeweler.

Pay a tribute to her beauty with this romantic heart design compact.
9.00

Your heart beside hers in this charming identification bracelet of 10K yellow gold.
18.00

Five gleaming rubies and a sparkling diamond are combined in this romantic pair.
79.50

Lovely heart-shaped design for this 2 diamond dinner ring... she'll wear it proudly.
65.00

Charming heart-shaped fob watch styled for lasting beauty and accuracy.
27.50

Two-diamond Darby watch, romantically styled for beauty.
49.50

Sentimentally styled bracelet in the popular expansion type.
12.95

Delicately etched and daintily styled baby locket.
2.95

Any young girl would be delighted to receive this lovely 10K gold signet ring.
7.95

Charmingly styled heart-shaped stone ring for your young sweetheart.
8.75

Two golden hearts make this charming baby's ring.
2.95

Dainty loveliness in this gold baby bracelet.
2.95

Sterling, mother of pearl, marcasite... choice of medal or cross.

Steel Strike Near End; Foreign Food, Meat In Spotlight; Tug Outlook Is Brighter

Terms Are Similar to O'Dwyer's

Assumption of Work to Be Expedited if Men Ratify Agreement in Balloting Today

Fuel Is Low

Schools, Other Places Set to Close Despite Outcome of Tieup

New York, Feb. 8 (AP)—Union leaders predicted that New York harbor's 3,500 striking tugmen would ratify today terms of a proposed tie-up in 27 years. The settlement accord—details of which were not disclosed—was agreed upon by all union and employer groups, and Capt. William Bradley, head of the striking union, said he believed the men would accept it at today's balloting. His statement was echoed by other union officials. James J. McAllister, spokesman for the employers, commenting on the pact, declared: "Things look brighter. But we are not yet out of a limb in offering our terms."

As the referendum vote by the tugmen got underway this morning it was learned unofficially that terms of the proposed contract provide for a 40-hour week and a 5 cents an hour pay increase.

Terms Disclosed

The terms were disclosed by one of the first voters who said the increase was the same as contained in Mayor William O'Dwyer's proposal, turned down by the union Monday.

Other terms of the proposed contract, the strikers said, include a 40-hour week with pay after three years service and retroactivity of the terms to January 1. Owners are granted an increase in towing rates by the government. If no increase is granted, the strikers added, retroactivity would be to February 1.

Those voted later, however, insisted that the referendum provided for retention of a 48 hour week.

Original demands by the union were for a 40-hour week, and additional allowance of 20 cents a day, 13 paid holidays, two weeks vacation and pay increases averaging about 45 cents an hour for tenured personnel and about 65 cents for non-tenured personnel. The owners had offered a 10 cent an hour pay boost.

Bradley said that if the tugmen ratified the agreement, every effort would be made to expedite resumption of work, adding that he thought it possible that the city's greatest port would return to its normal rate of activity tomorrow morning.

Shutdown Schools Anyhow

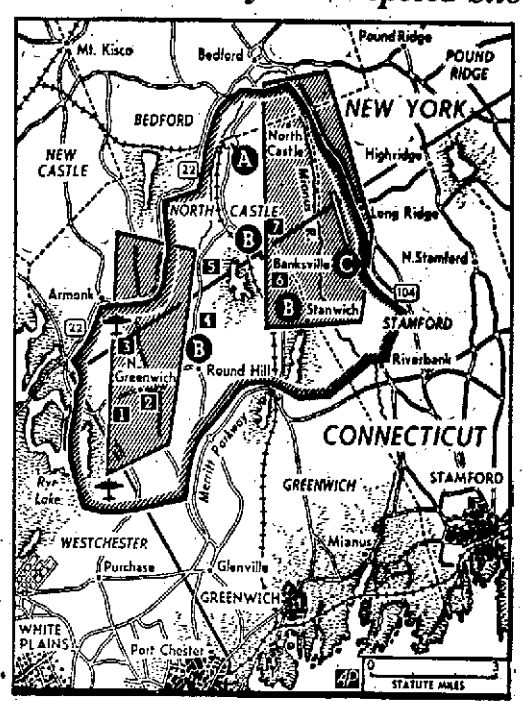

But even as the first definite hope for settlement appeared, Mayor William O'Dwyer ordered an indefinite shutdown of all schools at 3 p. m. and the closing of 12 other city buildings to conserve fuel stocks that have been at an unprecedented low.

The five-day-old strike had closed the fuel oil supply of the 12 buildings to a point where only enough was available to keep them from freezing.

The tugmen, members of the International Longshoremen's Association, United Marine Division, struck Monday against the New York Telephone Exchange in a

How U. N. O. May Use Proposed Site

Map shows how U.N.O. may use the site recommended by its inspecting committee. Shaded line delineates area having top recommendation. Shaded areas are two alternate sites for U.N.O. buildings. Numbers denote proposed locations for seven international headquarters buildings. Letter (A) indicates proposed railroad yard from which spurs will be built to connect with existing railroads. (B) locates possible business sites. (C) locates proposed airplane landing strip which will supplement existing airfields (plane symbols). Highways 22, 101, and Merritt Parkway are identified. Broken lines are township boundaries. (AP map).

Anti-New York Movement Gains Momentum in U. N. O.

UNO Referendum In Greenwich Will Be Held March 2

Mass Meeting Is Called by Veterans; Support of Site Cabled by 10 Organizations

Greenwich, Conn., Feb. 8 (AP)—The referendum at which the citizens of Greenwich will express their views regarding the location of the U.N.O. capital in this area will be held March 2 instead of February 23.

The postponement was decided upon last night, and was announced by First Selectman Wilbur M. Peck who said the registrars of voters had requested the delay. The registrars plan to hold sessions for the making of new voters on the two intervening Saturdays and it is believed that new registrations in this period will bring the total eligible to vote on the referendum to 21,000.

For the first time since the controversy over the location of the U.N.O. capital began, veterans or

LeFevre Disagrees With Unions on the Case Bill

Is Not 'Vicious Anti-Labor' Document Says Congressman Representing Ulster County in Reply to Telegrams Sent to Him

The Case anti-strike bill now before Congress is not a "vicious anti-labor bill" said Congressman Jay LeFevre of New Paltz today, as he pointed out that he had received many more telegrams favoring the passage of the bill from this district than he has from those opposing the bill.

Congressman LeFevre said that the members of Congress are trying to seek industrial peace and are fair to both management and labor, and at the same time protect the public.

LeFevre's Reply

The following is a copy of a letter that Congressman LeFevre has written to officers of several unions located in the 30th Congressional District:

Your telegram urging me to vote against H. R. 552, known as the Case Bill, is received. I regret

Former Dutchess Legislator Takes Crack at Bridge Bill

Emerson D. Fite, Ex-assemblyman, Is Afraid Cost of Kingston-Rhinecliff Span Will Be Tacked on Po'keepsie Bridge, Possibly Boosting Toll

Former Assemblyman Emerson D. Fite of Dutchess county on Thursday described the Wicks-Hatfield bill, which provides for a bridge across the Hudson river, between Kingston and Rhinecliff, and for an interim ferry service, as "a raw deal for Poughkeepsie," according to the Poughkeepsie New Yorker.

The former assemblyman called for a provision in the bill which would prohibit the raising of tolls on the three existing bridges above the present 25-cent level.

Mr. Fite also suggested that the provision for the elimination of the \$7,000,000 bookkeeping charge against the Mid-Hudson Bridge be incorporated in the same bill which provides for the Kingston bridge and ferry service.

Otherwise, he contended, it would be possible for the Legislature to pass the Kingston bridge and ferry bill and thereafter defeat the bill which has as its purpose the raising of the Mid-Hudson Bridge of the "bookkeeping charge."

Mr. Fite expressed the opinion that under the existing situation, with two bills, it would be possible for the Mid-Hudson Bridge to be "saddled" with part of the expense of the proposed Kingston-Rhinecliff span, and still bear the \$7,000,000 bookkeeping charge which the state contends is owed for the construction costs of the Mid-Hudson Bridge.

He pointed out that the bridge authority is authorized to incur debts up to \$8,000,000 under the Wicks-Hatfield bill, and he estimated that a large portion of such debt would be used in the construction of the Kingston-Rhinecliff bridge.

Since the Wicks-Hatfield bill contains a provision that bonds may be paid off in advance of their due date, he pointed out there might be a temptation to raise tolls to increase revenues. He emphasized that the present bill has no provision which would forbid the bridge authority from raising tolls to a figure above the present 25-cent level.

Sees "Squeeze" on City

Mr. Fite said that the present bridge bill is an attempt to "squeeze" this area because the Mid-Hudson bridge is a prosperous business which more than pays its own way. He charged the state with "using the Mid-Hudson bridge to pay off the debt and construction cost of other bridges because the tolls are the most prosperous of the existing spans."

The former assemblyman recalled that he was assiduously fought for a 25-cent toll when the state purchased the Bear Mountain bridge and made its purchase price a debt against the tolls of the Mid-Hudson bridge.

He added that, "I didn't get anywhere in that effort. In fact they laughed at me in Albany for even suggesting a 25-cent toll for our bridge."

Sees No End of Tolls

Mr. Fite predicted that when the Kingston-Rhinecliff span is nearly paid for, additional bridges will be provided for at the Newburgh-Beacon crossing and in the Westchester county area. He said that such structures would be tied to the existing bridges and that we will go right on paying tolls even though the Mid-Hudson bridge will have paid for itself many times.

Recalling that the original legislation on the Mid-Hudson bridge provided that it should be toll-free when all and requirements and construction costs were paid, Mr. Fite said that, under the proposed Wicks-Hatfield bill, it will be "many years" at best before the local bridge is toll free.

The Wicks-Hatfield bill provides that none of the bridges shall be toll free until all are toll free, the reference to bridges including the existing bridges and the proposed Kingston-Rhinecliff span. No guarantee is given in the bill that the Mid-Hudson, or other bridges, will be toll free when the existing debt and the debt against the proposed Kingston-Rhinecliff span, are paid.

Asked for his opinion of the plan to purchase ferry terminals for the operation of the interim ferry service between Kingston and Rhinecliff, Mr. Fite questioned the necessity of buying the ferry slips and land. He informed that the bridge authority is authorized to sell the ferry slips and land, when the bridge is constructed and in use, he smiled and asked "who would buy them then?"

Actress Stricken

New York, Feb. 8 (AP)—Helena Devereaux-Jones, British born actress known professionally as Helena, arrived from Europe yesterday aboard a Pan American liner and was taken to the Gotham Hotel with a high temperature.

She was later taken to a hospital and is now in a critical condition.

The bill further provides that the entire "burden" be turned over to the state for veterans' welfare purposes.

West Track Funds

Senator Seymour Halpern and Assemblyman Samuel Tabish, Queens Republicans, introduced legislation that would require one cent of every wage dollar in the city or county in which the tracks are located. The state gets six per cent and the tracks four per cent of the permanent fund.

The Seymour-Halpern bill would reduce the state take to five per cent and the tracks to four per cent and the tracks to four per cent.

The bill further provides that the entire "burden" be turned over to the state for veterans' welfare purposes.

Asked to support bill

Suspect in Policeman's Slaying

Patrolman Charles Saylor (right) searches Edmund Dotson, 24, Clendenin, W. Va., in a police station after Dotson was captured in a car in Brooklyn, N. Y. Police Capt. George Colgan of the Brooklyn homicide squad said Dotson signed a written statement he fatally shot Patrolman John West of the Nassau county, L. I., N. Y., police February 4.

Behrens Case Is Adjourned Today To City Hearing

Justice H. E. Schirick Will Sit to Hear Action on Reinstatement of Welfare Head

Argument of the show cause order on the application for reinstatement of Major Charles N. Behrens as director of the Kingston Department of Public Welfare, which was to have been heard today at Albany at special term, has been adjourned at the request of the respondents to chambers in Kingston. No date has been set for the hearing which will be heard before Justice Harry E. Schirick.

Postponement of the show cause argument was requested since Corporation Counsel Arthur B. Ewig has been out of town for some time.

Justice Roscoe V. Elsworth made an order returnable today at special term in Albany at which time parties were to be heard on the matter of why the court should not grant an order reinstating and restoring Mr. Behrens to his position which he held when called into military service in September 1940. Mr. Behrens contends that he was granted a leave of absence from his position as director in the Welfare Department and that he should have been reinstated at that position last August when he returned from service and sought to be reinstated.

N. LeVan Haver, who appears for Mr. Behrens, stated today that he had consented to the adjournment to chambers here before Justice Schirick but no date had been agreed upon in the absence of Corporation Counsel Ewig.

Bequeathed to Widow

New York, Feb. 8 (AP)—Harry L. Hopkins' entire estate was left to his widow, Mrs. Louise May Hopkins, under terms of his will on file today in surrogate's court.

Hopkins, adviser to the late President Roosevelt, died last week. The will was dated January 6, 1913, and witnesses included the former president. No estimate was given on the value of the estate.

Confederate With Bowles

Chester Bowles, O.P.A. chief and key figure in formulation of wage-price policy with Mr. Truman last week, returned to the White House at 8:35 a. m. today, this morning for further conferences. He left after a half-hour, declining further comment.

Although their names may not be used, some of those close to the secret negotiations said only the question of what date should apply stands between an 18 1/2 cent an hour wage increase agreement between the union and the U. S. Steel Corporation—bargaining in effect for the entire industry.

The 18 1/2 cent figure was proposed by Mr. Truman on the eve of the strike, which began January 21. The union accepted it then, but the steel corporation turned it down.

Increase Is \$8.25

Now, according to officials in an excellent position to know, the government's prepared to offer the industry a price increase of approximately \$8.25 a ton. This development led to the new and secret conference between Murray and Stephens.

Those who mentioned the matter of the date, said the corporation is looking at making the wage increase retroactive to January 1, as Mr. Truman suggested.

Continued on Page Eleven

Shipping—A.F.L. union leaders predict 3,500 striking tugmen will ratify terms of a proposal to end five-day walkout which is crippling shipping in New York Harbor, sharply curtailing city's fuel and food supplies; government operates strike-bound industry but strikers, if ratify agreement, expected back to work immediately; schools to shut down indefinitely.

Communication—Two hour work stoppage scheduled for Monday in the metropolitan New York area in support of striking West-Union employees has been canceled by the Greater New York C.I.O. Council.

President Calls Off Vacation

White House Group, Murray Confident on Windup of Country's Major Stoppage

Food Plan

Opposition Is Offered on Overseas Food; Meat Puzzle Unsettled

With renewed intervention by President Truman in the steel strike, government and labor officials looked for an approaching end of the great industrial tieup, while Washington rocked with rumblings on his broad-for-Europe program and higher meat prices loomed in the face of clearing wage disputes in packing industry.

Cancels Vacation

Washington, Feb. 8 (AP)—President Truman today cancelled his contemplated vacation in Florida next week in order to deal with the continuing labor crisis.

The White House announced the President had abandoned his vacation plans "because of the immediate critical situation involving problems requiring his personal attention."

"The President has decided not to leave Washington at this time," the statement said.

The statement, read at a news conference by Eben Ayers, assistant press secretary, said: "The President has canceled his trip to Florida and the cruise he had planned to take in southern waters because of the immediate critical situation involving problems requiring his personal attention."

Earlier in the day, the President had resumed his personal efforts to quickly end the 19-day steel strike.

U. S. Steel Corporation officers who have held secret conferences with C.I.O. President Philip Murray over the past few days were uncommittal. Vice-President John A. Stephens declined even to discuss his report to Mr. Truman, who summoned both Murray and Stephens to the White House late yesterday.

But Murray and top White House advisers spoke confidently of hopes that the new talks would bring a speedy end to the strike of 750,000 C.I.O.-Steelworkers, the biggest single work stoppage on record.

Confederate With Bowles

Chester Bowles, O.P.A. chief and key figure in formulation of wage-price policy with Mr. Truman last week, returned to the White House at 8:35 a. m. today, this morning for further conferences. He left after a half-hour, declining further comment.

Although their names may not be used, some of those close to the secret negotiations said only the question of what date should apply stands between an 18 1/2 cent an hour wage increase agreement between the union and the U. S. Steel Corporation—bargaining in effect for the entire industry.

Strikes at a Glance

(By The Associated Press)

Approximately 1,460,000 workers idle in continuing labor disputes.

Major developments:

Steel—Settlement of 19-day steel strike, country's biggest work stoppage affecting more than 850,000 workers, appears imminent, government and union officials express hopes for quick end as President Truman renews efforts to settle wage dispute, reflecting proposed 18 1/2 cents hourly wage hike; government reportedly ready to offer industry price increase of about \$5.25 a ton.

Meat—Government fact-finding board recommends 16 cents hourly wage increase for settling meat industry's wage dispute, with 11 cents to be covered by price increase or federal subsidy; proposal termed "unfair to industry" by American Meat Institute, A.F.A. union says it will ask workers to accept hike, C.I.O. union to act on findings next week; wage stabilization board must give approval.

Shipping—A.F.L. union leaders predict 3,500 striking tugmen will ratify terms of a proposal to end five-day walkout which is crippling shipping in New York Harbor, sharply curtailing city's fuel and food supplies; government operates strike-bound industry but strikers, if ratify agreement, expected back to work immediately; schools to shut down indefinitely.

Communication—Two hour work stoppage scheduled for Monday in the metropolitan New York area in support of striking West-Union employees has been canceled by the Greater New York C.I.O. Council.

ST. LAWRENCE SEAWAY

The cost, estimated by government authority in 1926-27 of the St. Lawrence Seaway project was \$600,000,000. Today costs are far higher. One billion dollars was the estimate of eminent engineers about two decades ago. Actual costs of other canals like the Panama, Suez, Chicago Drainage and Welland, were double the original estimates. One of the arguments in favor is that the west needs the St. Lawrence. Detroit increased in population by 500 per cent in three decades compared with an increase of 62 per cent in the country at large. Chicago and Duluth increased 100 per cent over the same period. This phenomenal growth of three principal cities was not retarded by the failure to carry through the St. Lawrence Seaway.

We are growing internationally minded. Whether this has stimulated anew the agitation resulting in Montreal being favored as a world port over New York or not, we cannot fail to see the importance of sustaining our home resources, to an extent at least that will make and keep us strong and an integral part in the movement of world trade.

Our means of transportation stood up remarkably well through the strain of the war period. Our power companies have not been found wanting in supplying manufacturing industries with their requirements, all at government controlled rates. In the light of this performance is the State of New York and our federal government called upon at this time to spend a billion or more dollars of taxpayers' money to subsidize means of transportation and furnish power at costs that do not carry the burden that private industry is loaded with, all in favor of one section against another, if, and provided it so works out, and definitely in favor of a port of our neighbor Canada, to the injury of the east, including the Hudson River territory and the Harbor of New York?

The Chamber of Commerce of this state is opposed and has so expressed itself, as well as the councils of Buffalo, Corning, Hornell, Elmira, Binghamton, Ithaca, Oneonta and Kingston, together with the boards of supervisors of many of the upstate counties.

LIVE HOMES FOR ART

"We wanted to place our collection in a live building." Thus Viscount and Viscountess Lee of Fareham, England, explain their choice of Hart House at the University of Toronto, to house their collection of art treasures. Hart House is the community house of the university, where undergraduate activities are carried on. With 6,000 students using the building daily, the donors expect a greater urge toward craftsmanship to be aroused than would be the case if the treasures were in a museum.

There is some force in their position. A year or two ago a farsighted Englishman gave to a public school a boyhood letter of the great British naval hero, Lord Nelson, saying that he had little talent but was determined to make his way in the world. The giver felt that such a letter would do more good as a daily inspiration for youth than it could, stored in a great public institution.

And yet Lord and Lady Lee may not know how live are American museums today. They are no cloistered hiding-places for treasures, but busy centers of artists, art-lovers and children learning to paint, draw or carve. Perhaps the word "museum" gives a wrong impression. Maybe museums should substitute another term. Or perhaps they should make greater use of modern publicity to inform the public of new acquisitions and activities.

INTER-NATION KINDNESS

A California woman widow received a letter from an 11-year-old Dutch girl, saying each citizen in her village had been made responsible for a grave in the American cemetery there, and she had been assigned that of the woman's late husband, a World War II sergeant. Was there any kind of flowers the American would like particularly to have put at his resting place?

While thousands upon thousands of Ameri-

'These Days'

By George E. Sokolsky

THE F.B.I.

The "Daily Worker," organ of an alien international conspiracy for the destruction of American Democracy and the substitution for it of a World Revolution, recently produced an editorial entitled: "Himmier's Understudy."

And by "Himmier's Understudy," the "Daily Worker" means J. Edgar Hoover, an American if ever there was one, whose services to his country equal those of our best generals and admirals. Utilizing the technique of the smear-amalgam, by which it is possible to denounce a man by association with unrelated symbols, the Communist organ says:

"Hoover slanders the American Communists as 'foreign agents.' This is the old gag. In England, the Tories used to say that 'communism' came from 'radical America.' In Czarist Russia the police used to say that 'communism' came from Germany, while in Germany the police used to cry it came from Russia."

It does not matter to Americans where England or Czarist Russia or Germany said communism came from. What does matter is that a systematic, insidious, undercover campaign is being waged against J. Edgar Hoover, against the F.B.I., against all the effective agencies in this country for national defense and security against the alien conspiracy designed to destroy our way of life, our political, social and economic institutions.

Mark what this same editorial has to say on this subject:

"Communist parties, organizing the people for the establishment of a higher social system, socialism, defend every democratic liberty and every economic measure beneficial to the people. They arise wherever there is poverty and exploitation."

This is said of the United States of America, the country which, after two wars in a quarter of a century, still has the highest standard of living on earth, whose people live in freedom under the law, protected by a free press, and possessing savings of \$163,000,000,000 which is their own, to do with as they choose, without government interference. This is the country that gave to Europe and Asia as a gift \$40,000,000,000 in Lend-Lease, including \$10,800,000,000 to Soviet Russia, a poverty stricken country, so backward that it still employs slave labor.

The "Daily Worker," existing in the freedom of America, publishes this denunciation, using the words, poverty and exploitation, as a vile comparison in a fight against J. Edgar Hoover and the F.B.I. They hate the F.B.I. because it alone of intelligence agencies rejected Communists during the war. They got into the State Department and the Army and while some were shielded by the secrecy of actual membership, others disclosed their affiliations and were even defended by their superiors in such an agency as the O.S.S. The F.B.I. kept them out because it is a permanent bulwark of national security.

We are all accustomed to the kind of war that is associated with the armies and navies, with airplanes, submarines and bombs. But most of us do not recognize the insidious and prolonged warfare that undermines a country as termites eat away the sills of a farm-house. It is a warfare that goes into the schools and colleges, that makes labor unproductive, that dissipates national energy in internecine strife, that cultivates bitterness between majority and minority groups, that breaks down national unity by making the entire nation class and group conscious. It is a warfare that goes day and night, enlisting sentimental people as aids over particular issues but soon engulfing them in its destructive program. It is a warfare that corrupted France before the Nazis conquered her, that has resulted in puppetizing a large number of nations in Europe.

A nation should protect itself from this warfare as from foreign armies and navies. It should fight it by every means at its disposal. Only a cowardly people avoid this fight. Only a cowardly people refuse to see it when it is so apparent and obvious. For the first time in American history, there is an open and active Communist bloc in the House of Representatives and it is seeking recruits in the next election.

Is the F.B.I. essential? It seems to me that the F.B.I. should receive from Congress the largest appropriation in its history, a large part of it for the use of the American people in this fight. (Copyright, 1946, King Features Syndicate, Inc.)

THAT BODY OF YOURS

By James W. Barton, M.D.

(Registered in accordance with the Copyright Act.)
ONE SIDED HEADACHE

I write often about migraine because so many suffer with it, and, although the full cause or causes are still unknown, most cases can be helped by ergotamine tartrate, or by breathing in pure oxygen and other treatment.
It has been found that most cases of migraine occur among high strung nervous individuals who work hard mentally and physically to gain advancement often for the sake of their families. Their ambitions appear to carry them beyond their physical strength so that most of them find they recover more rapidly if they can have rest and quiet in a darkened room.

Although the typical symptoms are one sided headache with nausea and vomiting, some investigators report that it is possible to have a single symptom—headache on either side or both sides, nausea alone, or the usual nausea and vomiting together.

I speak from time to time of the research work on stomach and intestines done for a number of years by Dr. Walter Alvarez, Mayo Clinic. In his book Nervousness, Indigestion and Pain, he states: "Spells of vomiting lasting from one to three days, and not associated with any pain in the abdomen are often due to migraine. The headache may be so mild that the patient does not mention it, the vomiting being the only symptom of which he is conscious." In these cases an important point or sign observed, is that there is no indigestion between spells, and also that in childhood the patient used to have these "spells of bilious vomiting" which are really the same as migraine.

Dr. Alvarez states that he feels sure that these vomiting attacks which occur without other migraine symptoms are really migraine when they follow excitement of fatiguing experience.

It will be seen that this "excitement of fatiguing experiences" brings us back to what most physicians believe to be an underlying cause of migraine, that is mental (emotional) and physical tiredness, the excitement or ambition to accomplish things causing the patient to go past the point of early tiredness to almost complete exhaustion.

Allergy

If the Moon Could Answer Those Signals

BABSON ON BUSINESS

BABSON DISCUSSES HOME MORTGAGES

Babson Park, Fla., Feb. 8 — Mortgage money is cheaper today than ever before in the history of the United States. Even the Co-operative Banks, which have charged six per cent ever since their organization years ago, are now loaning money at four per cent. Moreover, the terms are very much easier than ever before. During the years preceding the last depression home mortgages were written for from three to five years as a maximum. Now the borrower can be accommodated by mortgages written for twenty years, or perhaps even longer.

Cost of Building
Although it is much easier to borrow money today than during pre-war days, the cost of home building now averages about 30 per cent higher. However, the carrying charges at four per cent on a house costing \$7,500 are no greater, in total, than were the carrying charges at six per cent on a house costing \$5,000 in pre-war days. Hence, this is a good time to plan a new home. Surely the land should be purchased at once.

The very fact that money rates are very low and building costs are high makes mortgages less attractive for private individuals to loan money on mortgages at this time unless they do it to help the sale of property which they desire to unload. As a cold business proposition, I should hate to tie my money up for twenty years at three and one-half or four per cent interest. This is why I am bearish on most high grade, long-term bond issues.

"Packaged" Mortgages

Borrowers have another advantage today in many communities. The First Federal Savings and Loan Association of New Haven, Connecticut, offering to "loan money for building and equipping a home with all mechanical conveniences for comfortable living." This includes insulation, cooking range, refrigerator, washing machine, garbage disposal, ventilating fan as well as complete heating and lighting equipment and the latest plumbing fixtures. I understand that some banks are even including air conditioning.

Up to the present time, when these electrical appliances were available, it has been possible to buy them on installments, running

over about eighteen months. This, however, has been a heavy burden on young people. Now, under "packaged" mortgages, all these brand new appliances can be included with the original cost of the house, and paid for over a period of twenty years. Furthermore, this program is much more convenient to the borrower because he is dealing with and making payments to only one concern, namely the bank, instead of to several local dealers. I estimate the cost of such equipment would add only about sixty cents a month for every one hundred dollars worth bought on the above basis.

To keep the house up-to-date, these "packaged" mortgages allow for replacement of appliances and provide payments therefor by the addition of a few cents to the above-mentioned monthly figure. It should also be remembered that under such a program the cost of the appliances is considerably reduced as the agent's commissions are either eliminated or cut down to a nominal figure. Whether or not your bank will pay for your electrical appliances, it will take your mortgage on a monthly payment basis which will include payment of taxes, insurance premiums, legal titles fees, and other expenses. All of this amounts up to no more than you are now paying for rent. Moreover, under this new system you will some day own your home outright without any more payments.

Bullish on Electrical Companies

When I saw the government cancelling its big war contracts with the General Electric, the Westinghouse and other similar companies after Japan collapsed, I became fearful. Although these companies would save considerable through the elimination of the excess-profits taxes, yet I doubted if new peace business would offset the loss of war business. The more, however, I study these "packaged" mortgages the more hopeful I become for the electrical appliance stocks. Certainly, if this new form of loaning money to home builders becomes general, it should be a boon to the electrical equipment industry. Home owners will buy much more equipment and much better equipment. Furthermore, this trend will make household fixtures, conserves and protect foods, and perhaps even reduce the cost of living. One other thought: This expansion should greatly increase the demand for "fix-it" shops which is a suggestion to returning G.I.s.

WALLS OF ZION—Horseback riders pause on a trail to view a canyon in southern Utah's Zion national park.

Today in Washington

Other Industries, Bound to Follow Steel in Seeking Boost in Prices and Wages All Over Country
By DAVID LAWRENCE

Washington, Feb. 8.—If there's to be a "Big Steel Formula" to permit wage increases and price rises in relation to some cost of living index, as was the case with the famous "Little Steel Formula" of 1941, then some governmental board or agency will have to administer it now or the nation will be faced with an epidemic of more strikes and work stoppages. Whatever President Truman allows by way of price rises or wage increases under his existing stabilization powers in settling the steel strike will be sought in all other industries. There will be a demand for a 15 per cent increase in wages all along the line irrespective of capacity to pay or any other protest.

Once the government sanctions a blanket formula, the whole industrial system will feel its repercussions. The President in one of his early speeches after V-J Day termed the application of any blanket formula as unwise and insisted that each industry and business handle the wage question according to the circumstances in which it found itself.

But since those days the demands of labor have become uniform so that the demand for 30 per cent increase in wages calculated on the 40-hour-week base pay has become nationwide. Many unions are simply waiting for the major strikes to be settled before asking that the same percentage increases be granted to them.

Faces Wave of Strikes

What the President faces is an even more serious wave of strikes than the nation has yet encountered unless he takes steps promptly to see that his original policy is fulfilled. The need of some national tribunal operating under government authority to hear the various pleas for wage increases and to determine both wage rises and price changes is imperative if the President is going to put the sanction of the White House behind any formula, whether it is called "Big Steel" or "Little Steel" or by any other name.

Mr. Truman's original mistake was in assuming that prices could be held in line while wages were permitted to soar. He was right, undoubtedly, that in some instances a part of the wage increase, if not all, could be absorbed from profits but he has been proved wrong in the case of steel. The labor union leaders themselves have been lobbying

privately to get an increase in price of steel, although outwardly they have been giving out policy material tending to out the raiser of prices. The union strategists have gained anything by the steel strike? Washington has known of back-door conferences and pleas to give the steel men an increase in price so that the could be passed on to the consumer in the future as it has been in the past.

Can Create Agency
The President still retains the War Powers Act authority to create an agency like the National War Labor Board and he can ask Congress to prohibit the use of any during the period while cases under consideration by such a board are pending. There is nothing about such a limit on the right to strike, for it has been existence virtually all through war period by means of a called "no-strike pledge" accepted, at any rate, as having some moral value as if it were the law of the land.

The unions, too, have expressed pride in their obedience to though they insist all the stoppages which violated it really "wildcat strikes" or unauthorized.

A good case has been made governmental limitation of group's power to interrupt production either by strikes or lockouts. The right to no more than the right of individual to quit work. The to tie up the economic system on the other hand, and deprive community of the nation of communications and news required for the maintenance health does not have any sanction than the right of a lion. An attack on the public economy, group must be inhibited by law. Even the right to strike by a concerted of a group of citizens be limited by Congress in Railway Mediation Act. So did that the right to strike be called right to rebellion against the public interest but the of the public to limit by law attempt of any group to tie the public. With this limitation, any economic group must labor disputes be settled in orderly manner either with or without the intervention of government.

Close Ups

By UPTON CLOSE

DOWN WITH FRUSTRATION—UP WITH OPPORTUNITY!

The task of the time is to replace the cloud of frustration which darkens this land with the sunlight of opportunity which made it free and great.

You know what I mean by frustration. It has become an experience of every day, in every life, in every pursuit in this country. Going abroad from this land where I and the young fellows of my generation could do what they wanted to and develop their talents so long as they did not hurt their fellow men, I sensed the frustration under which people in other lands lived in the verberations of Germany, the official restrictions of other European countries, the tyranny of landlord and official classes in England, the restrictive poverty of China, and the despotism of Russia.

Now I see all these frustrations in my own country, piled up here by the very government which was established and which still exists constitutionally, as a police power to prevent frustration.

The examples I am going to mention are merely to stimulate your own sense of indignation. They will start you on to the cases you know many of which are undoubtedly more flagrant than the ones I name.

I think the most outrageous general situation in the United States today is that in this land of the world's highest standards, which until a few months ago was turning out mountains of vehicles and implements to fling all over the world, it is now next to impossible in any state in this union to procure a caterpillar or wheel tractor or spring tooth harrow or grader to put in farm crops. It is impossible in irrigated areas to get ditching done or to procure common concrete pipe. There is no scarcity of cement in the mines or sand to mix it with! On a certain supply depot one vicinity there sits a thousand catapillar tractors. Months ago veterans who have had use for them in farming or business were told to put in their requests. I have just talked with a man who has lost an entire month from his business and driven in vain three thousand miles in the process of getting a grand run around, following the tape from office to office, city to city, in the hope of taking possession of his tractor. Meanwhile thousands of acres which he and his crew should have been preparing for crops remain arid and alfalfa hay is being black-marketed through the valley at \$37 per ton to keep dairy cows alive while the Government is paying a subsidy to dairymen so that they can pay out for alfalfa at such outrageous prices. Our children must have milk, but so you call a political outfit that so snarls up the business of getting milk to babies by the dignified name of Government?

Here's another: A veteran who knew the trade of lathing was hired by a contractor who couldn't

build badly needed shelters as the owners wanted them to be made of skilled workers even more in this case than cause of lack of material, young lather worked the number of days permitted by the without joining. Then at the of this boss, he went to union office and he was not up \$100 initiation fee. He explained to the Veteran's Bureau which said it couldn't do anything about the right of Veterans to work without paying initiation fees, but that he would be persuading the union to let young veteran pay in two installments. But the union officials asked him if he was taking lathing as a permanent occupation. He told them honestly he intended to go to school on G. I. Loan as soon as the university which could accommodate him, but that this would be several months from now, and had to work until then. He said that the union would be going to school. He asked how he was expected to live in interim, and was told to go on and draw his unemployment at the Veteran's Bureau agreed this was the only way.

Do you call an administration that will let cases like this come the general rule of a government?

Here's a third case. The County of Los Angeles has just been allocated a little over 300 housing units against a shortage of at least a hundred thousand. But the head of a large company writes under a date too long since: "Last week on foreign-sold lumber and saws need higher prices to pay increase in wages won by the bermen. But where do for countries get the money to these over-ceiling prices? The swer—You tax payers! The auctions have had tied up in tape at one west coast base 000,000 feet of lumber—enough 8,000 homes!" Instead of releasing this administration is spending millions of man hours raising scarcity—cutting down rental of landlords until they sink beneath the tide of inflation. Time and again in foreign countries people have been frustrated everything they tried to do. They burst out in violent rebellion. That is the story of Harry Hopkins, one of the authors of the rationing of scarcity, gone. As for the rest of the someone has given me a slogan to take care of them. The rascals out and put the errand.

The so-called Bill of Rights consists of the first ten amendments to the U. S. Constitution.

The Declaration of Independence was first published on 4, 1776, in the Pennsylvania Evening Post.

SOCIAL ACTIVITIES

CLUBS PERSONALS

Hi Plans Program
for Next Few Weeks

The Y.W.C.A. So-Hi Club for women held a special planning meeting Monday evening to arrange for programs during the next 10 weeks. Miss Lantry, president, announced the following tentative plan: February 11, book review by Mrs. Lantry; February 18, field trip to Kingston City Laboratory; February 25, talk on "Understanding Ourselves"; March 4, field trip to Kingston Daily Freeman; March 11, second in a series of talks on "Understanding Ourselves"; March 18, field trip to City Hall; March 25, bowling; April 1 and 8, making Easter eggbooks for hospitalized children.

Miss Rosemary Murphy is the chairperson of this group and with the executive committee of the club will be interested in the program to join with the organization.

Following the business meeting the girls participated in a quiz, "How Well Do You Know Your Y.W.C.A.?" The eight girls known to be about the Y.W.C.A. were Misses Joan Fay, Shirley Whitaker, Margaret Howard, Esther Ausanio, Evelyn Long, Joan Lantry, Connie Krom and Joan Wall. After the contest, Miss Lantry and Miss Mary Hyatt, president and vice president, served refreshments.

China Relief Speaker
Returns to Y. W. C. A.

Plans for Liu Liang-mo to speak at the Y.W.C.A. Tuesday, February 19, were completed by the Kingston Study Group in a meeting Monday evening at the home of Mrs. Richard Passerini. Mrs. Liu, who represents United China Relief, spoke in Kingston last year under the auspices of the Business and Professional Girls' Club. This year he returns under the sponsorship of the Study Group.

Several other activities were planned for the group. It will assist in the present strike situation by collecting food, money, and other necessities for the strikers and their families, and cooperate in the present clothing drive.

A report on the history and status of the fair employment practice in New York state was given by Miss Janice Kenik. Discussion followed the report and it was resolved to take action by sending postal cards to Congress urging the passage of the F.E.P.C. Refreshments were served. The next business meeting is planned for March 5.

Pastor and Bride

REV. AND MRS. GERARD KOSTER

Announcement has been made of the marriage of Miss Sadie Jean Bakker, daughter of Mr. and Mrs. Cornelius Bakker, 162 Burgess Place, Passaic, N. J., to the Rev. Gerard John Koster, Stone Ridge, son of Mr. and Mrs. John G. Koster, Chicago, Ill. The ceremony was performed at the Holland Reformed Church, Clifton, N. J., January 15, by the Rev. G. M. Pernis. The Rev. Mr. Koster is pastor of the Reformed Church at Stone Ridge and they will make their home at the parsonage there. He also supplies the Reformed Churches at High Falls and Cottekill.

Tri-Hi Considers Plans
for Valentine Dance

Four enthusiastic committees of Tri-Hi Club met to consider plans for the Tri-Hi Valentine Benefit Dance to be held in the Y.W.C.A. gymnasium Saturday evening, February 16, beginning at 9 o'clock. This year the profit from the dance will augment the World Fellowship Fund of the Y.W.C.A.

The program committee of Tri-Hi met with their adviser, Mrs. Herbert Fister, Wednesday afternoon to make plans for the meetings through Easter time. Some excellent ideas were considered by the committee and Miss Beth Sherman, committee chairman, will announce the program as soon as a few more details have been cleared.

Raymond Herrick Is Honored
At Welcome Home Party

A welcome home party was given for Raymond Herrick by his wife at the home of her brother-in-law and sister, Mr. and Mrs. Daniel Van Wageningen, 329 Lucas avenue, Monday evening. Mr. Herrick was recently honorably discharged from the army.

Among the guests were Mr. and Mrs. Van Wageningen, Mr. and Mrs. John Lawrence, Mr. and Mrs. Leo Bulwoltz, Mr. and Mrs. Robert Southard, Mr. and Mrs. Karl Woodman, Mrs. Myron Herrick, Mrs. Bernard Rourke, Mrs. Virginia Gundagnola, Miss Iona Van Wageningen, James Herrick, Peter Mancuso and Raymond Maynone.

Cpl. Charles Winfield Weds

Betty Koran at Marlborough. Miss Betty Koran, daughter of Mrs. Theresa Koran, Roseton, was married to Cpl. Charles Winfield, son of Mr. and Mrs. Charles Winfield of Marlborough Sunday afternoon at the rectory of St. Mary's Church in Marlborough. The Rev. James F. Hanley officiated.

The bride wore a white gown with a full skirt. Her scalloped full length veil was caught to a crown studded with orange blossoms. She carried a cascade bouquet of white roses with an orchid center. Mrs. John McClellan was maid of honor for her sister. She wore a blue gown with blue accessories and a cascade bouquet of pink roses.

John Benevento served as best man.

The bride is a graduate of the Roseton schools and is employed at Mid-Hudson Leather Goods Co. Corporal Winfield is a graduate of Marlborough Central High School.

After the ceremony Corporal and Mrs. Winfield left for a wedding trip to New York City and Richmond, Va.

Mrs. Dunbar Is Guest
Speaker for D. A. R.

Mrs. Henry F. Dunbar was the guest speaker at the regular meeting of Wiltwyck Chapter D.A.R. Thursday afternoon at the Chapter house. She chose as her subject "Relics of Local Indian Tribes."

At first she spoke of some of the background of the Indians as a people with distinctly Mongoloid features and showing traces of Chinese art. Although their culture is barbaric it is not primitive she explained as she spoke of the use of dried meats and fish as well as maple sugar.

Among the relics found in gardens are pieces of stone, copper and pottery. Because of weather conditions the handles of tomahawks and wooden canoes have been destroyed. Speaking of the eastern tribes she spoke of the two main classifications, Algonquians and Iroquois who, unlike the Indians of the plains, built permanent villages. Mrs. Dunbar gave a description of a "long house" where six or more families lived in one of the first cooperative homes. Although the villages were dirty, they had good gardens and showed evidence of artistic expression in bead and quill work. Pottery was also made for cooking. Each tribe had its own characteristic design. Mrs. Dunbar concluded by saying that it is important that the archeological culture of the nation where the relics are found or full significance of the historical record.

A short business meeting preceded the talk with Mrs. Clarence Dumm, regent, presiding. Mrs. Roger Billings, Junior Group chairman, invited the seniors to meet with them March 4, as their guests. Mrs. Clair Sheaffer reported on the activities and accomplishments of the J.A.C. clubs.

Several projects were reported. Mrs. Clarence L. Neun, Rochester, reported that the National Defense Committee has sent the equipped "buddy bags" to the navy veteran hospital in Rhode Island. Mrs. Arthur Quimby has collected two cartons of Christmas cards. Mrs. W. Dean Hays has mailed 15 pounds of cancelled stamps and asked for more. Mrs. R. R. Empringham sent four boxes of books to the marine hospital.

Mrs. Dumm reminded the group of the Washington Birthday party meeting to be held at 2 p. m. instead of 2:30 as scheduled. The C.A.R. has been invited to meet with the older group.

Nominations and elections of delegates to the Continental Congress to be held May 19, in Atlantic City were held. Results were: Mrs. Dumm as regent; Mrs. Adam Porter, delegate; Miss Hinkley, regent alternates; Mrs. Roger Billings, Mrs. William Macgregor Mills, delegate alternates. Mrs. Ralph Post and Mrs. Lauren Lash or who also attend the congress as members.

Following the meeting tea was served at a table arranged in keeping with the Valentine theme. Hostesses were Mrs. Arthur Hazenbush, Mrs. Walter T. Tremper, and Mrs. Hiram F. Whitney.

Personal Notes

Dr. and Mrs. Frank A. Johnston of 291 Pearl street have returned from a vacation at Fort Lauderdale, Fla.

Donald Dumm, son of Mr. and Mrs. Clarence L. Dumm, 4 Mountain View avenue has arrived at home following his discharge from the Navy "Seabees" after three years of service, one of which was served on Guam. He plans to return to Brothers College, Drew University, Madison, N. J., for the new semester, March 4.

Miss Janice Hyde has returned to Cortland State Teachers' College after spending a week of mad-semester vacation with her parents, Mr. and Mrs. Clarence L. Hyde, 17 Levan street. She had as her guest a classmate, Miss Gienette Forgea of Mount Kisco.

Miss Peggy Whelan, a student at the College of Mount St. Vincent, will spend the week-end with her parents, Dr. and Mrs. R. B. Whealan, 196 Clinton avenue.

Miss Gloria Jaffer, daughter of Mr. and Mrs. James Jaffer of 290 Hasbrouck avenue, a sophomore at New York State College for Teachers at Albany, was chosen to play a part in "The Mask of Tragedy" presented by the Elementary Dramatics Class of the college.

Business Girls Meet

Business and Professional Girls Club held intergroup in handicraft and bridge at the meeting Wednesday night. Next week the program will be continued. Prior to the program a short business meeting was held.

Chairmen Plan D. A. R. Colonial Bazaar

Among the chairmen planning for the annual Colonial Bazaar and Card Party, March 15, at Wiltwyck Chapter D.A.R. are back row from left, Mrs. Arthur Quimby, Mrs. R. R. Empringham, Mrs. Walter T. Tremper, Mrs. G. N. Wood, Mrs. Hiram F. Whitney; front row, Mrs. Burdette R. Tuttle, Mrs. Charles Terwilliger, Mrs. Clarence Dumm, general chairman, and Mrs. Maynard Mize. Two card parties are planned, one for the afternoon and the other for the evening. Fancy articles and homemade foods will be among the features at the bazaar.

Luther League Plans
For State Convention
To Be Held Here

The executive committee of the Luther League of the State of New York will hold its winter sessions in the Governor Clinton Hotel Saturday and Sunday. The Luther League is the official young people's work of the 465 churches of the United Lutheran Synod of New York. At this meeting final plans will be completed for the 1946 Annual State Convention of the Luther League which will be held here June 7, 8 and 9 with Trinity Lutheran Church as the host church.

The officers and secretaries who will attend this meeting are: President, Frederick G. Funck, Syracuse; vice president, Donald W. Prigge, Gettysburg, Pa.; recording secretary, Mrs. Vera A. Sharp, Rochester; corresponding secretary, Miss Virginia Rumpf, Syracuse; treasurer, Miss Katherine Hildebrandt, Hackensack, N. J.; educational and program secretary, Miss Florence L. Agne, Verona; missionary secretary, Miss Dorothy L. Traupel, Poughkeepsie; life service secretary, Miss Margaret Gippert, Saugerties; extension secretary, Miss Elsie Miki, the Bronx; publicity secretary, Miss Catherine Rumpf, Syracuse; senior superintendent, Miss Ruth Wethe, Syracuse; senior chairman, William Schlegel, Rochester; intermediate president, Donald Ackerman, Syracuse; intermediate superintendent, Miss Mildred Agne, Oneida; pocket testament league, Miss Jeanne Merriman, Rochester; field secretary, Dr. Paul C. White, New York City; secretary of the United Lutheran Synod of New York; Synodical Chairman, the Rev. David C. Gaise, Albany; anniversary chairman, Charles Petermann, Brooklyn; and ways and means chairman, Clarence L. Neun, Rochester.

The following chairmen of convention committees will also attend: General Chairman, Robert Weltzien, Newburgh; co-chairman, John Walker, Kingston; convention treasurer, Oscar J. Lawatsch, Kingston; pastoral adviser, the Rev. Frank Lawrence Gollnick, Kingston; district treasurer, Ruth Van Campen, Hudson; packet committee, Dorothy Calder, Saugerties; publicity committee, Lillian Rowe, Chatham; recreational committee, Louis Schafar, Kingston; and convention chaplain, the Rev. Ray E. Kulman, Saugerties.

The executive committee will attend the 11 o'clock Sunday morning service of Trinity Lutheran Church.

Janice Kenik Heads
Junior Hadassah Group

A regular meeting of Junior Hadassah was held at the Kingston Hebrew School, Thursday evening. At this time the following officers were elected: President, Janice Kenik; vice president, Ruth Gold; treasurer, Shirley Sherry; corresponding secretary, Cynthia Bahl; recording secretary, Janice Reben. Plans of the discussed for a Purim Festival to be held March 16.

After the meeting a farewell party was given in honor of Miss Dinah Cooper who is leaving for Rochester Monday.

Club Notices

Willing Workers Class
The regular monthly meeting of the Willing Workers Class of Clinton Avenue Methodist Church will be held in Epworth Parlors Monday at 8 p. m. A Love Offering will be taken. Hostess will be Mrs. Samuel Morgan, Mrs. William Petherbridge, Mrs. Rodney Shiels and Mrs. John Pope. Devotions will be led by Miss Elsie Phillips.

Trinity W.S.C.S.
The Woman's Society of Christian Service of Trinity Methodist Church will hold its regular meeting at the home of Mrs. Monroe Burger, 3 Clifton avenue, Monday afternoon at 2:30 o'clock. The devotional service will be led by Miss Hester Marsh and Mrs. Frank Thompson will have charge of the program. There will be a mite box opening.

Other Social Items on Page 11

Dr. Taylor Speaks
On Current Bill

The regular monthly meeting of Junior League was held Monday evening at the home of Mrs. John D. Schoonmaker, Jr., 281 Albany avenue. Dr. J. Spottiswood Taylor addressed the group.

Dr. Taylor explained the current anti-vivisection bill before the state legislators. He spoke of the use of dogs and other animals in laboratory research and of the tremendous set back in medicine if this use were denied. Dr. Taylor feels that the public should be made aware of the real meaning of this legislation and attending results if it is passed.

Following the meeting refreshments were served.

Expect to Resume Lackawack Work In the Near Future

Bids Re-opened for Project Which Was Halted by War; Would Employ Large Number of Men

The New York Board of Water Supply will make another attempt to resume construction operations on the Lackawack water work project, it was disclosed today.

The project was about half completed when war conditions terminated work there and on contracts for the completion of the Merriman Dam and other facilities along the upper Rondout.

Bids are being advertised for and the board will open such bids on February 26. An attempt was made to get the work started last September but bids opened at that time were rejected on the grounds they were excessive. The City of New York is anxious to get the work started as soon as possible and for that reason bids are being re-opened in the hopes that the contractors submit favorable bids work can be started this spring and advantage taken of the coming spring and summer work period.

Original Bid Excessive

The bids opened last September were found to be high, in fact the bids for completion of the remaining half of the work were approximately as much as was the original bid of \$12,500,000 for the entire job when first let before the war. Last September it was stated labor conditions were in such a state of uncertainty that contractors were forced to submit high bids in order to cover possible increases in labor which might be granted prior to completion of the job. The result was all bids were rejected as excessive.

In some construction circles it is believed that conditions have improved or are more certain now than last fall and with this in view New York City has again sought bids in the hopes of getting a favorable figure at this time.

55 Percent Completed

It is estimated that about 55 percent of the work remains to be completed. Much of the work already done is in the nature of tunnels and underground works which are not visible. The work from now on will make more of a visible showing. Should the job get under way this season, it will provide work for hundreds of local men and help relieve to a large extent the present unemployment situation.

ACCORD

Accord, Feb. 9—Worship services at Reformed Church Sunday morning at 10:30 o'clock, the Rev. William Matthews of New Brunswick, N. J. will occupy the pulpit. Sunday school at 9:30 o'clock.

Worship services at Methodist Church Sunday morning at 10 o'clock, the Rev. Arthur Calado, pastor. Sunday school at 9:30 o'clock.

Mrs. Chester Quick is spending a week with Mr. and Mrs. Coster Quick at their home in Glens Falls.

Rubik Frankel was removed to the Veterans Memorial Hospital Ellenville, one day this week.

The sympathy of the community is extended to the family of Charles Knowles who died at the home of his parents, Saturday.

The J.S. will hold the regular monthly meeting of the home of Miss Helen Baker Tuesday evening, February 19, at 8 o'clock. All members are urged to be present.

The clothing drive which has been sponsored by the Holiday Club under the direction of the Rev. Paul of Kew-Forest, has been successful.

Word has been received that Mr. Vernon Smith has arrived in the states on route from Japan.

Donald Markle son of Frank Markle who recently entered the U. S. Army is stationed at Fort Hancock, N. J.

Paul Whitten, son of Mr. and Mrs. William Whitten who recently joined the U. S. Navy is stationed at Williamsburgh, Va.

Mr. and Mrs. Howard Anderson have arrived in Florida for a short vacation.

See Good Business

Shelbach Feb. 8 (AP)—Milton J. Hoshack, former judge of the U. S. District Court, said today he believes foreign business will be able to operate profitably in China under the new Chinese company law. He formed it "a reasonable and modern piece of legislation." Hoshack arrived yesterday from the United States to be local counsel for Standard Oil.

Negro History Week

Albany, N. Y., Feb. 8 (AP)—Governor Dewey today proclaimed February 10-17 as "Negro History Week" and asserted that "the people of New York State should recognize and pay tribute to the achievements of the Negro race" year full-pay pension.

Yamashita Stakes Life On Plea to President

Washington, Feb. 8 (AP)—Lt. Gen. Tomoyuki Yamashita staked his life today on a last-chance clemency plea to President Truman, commander-in-chief of his conquerors.

The erstwhile "Tiger of Malaya" is seeking to escape an ignominious death on the gallows as a war criminal, and his appeal to the White House won him at least a temporary reprieve.

Gen. Douglas MacArthur was instructed by the War Department to hold up execution of Yamashita's death sentence until further advised.

MacArthur earlier this week, viewed and affirmed Yamashita's conviction by a Manila military tribunal on charges of responsibility for atrocities in the Philippines.

Yamashita's plea was filed by his defense counsel, the War Department disclosed last night, adding that it already had been sent to the White House. It was accompanied by an opposing statement from prosecuting counsel, which Mr. Truman also will study.

Easier G.I. Loan Rates Imminent for Veterans

Washington, Feb. 8 (AP)—A Veterans Administration official said today it may be possible to put the broadened loan provisions of the G.I. Bill of Rights into effect early next month. The new rules make it simpler for a veteran of World War II to borrow. They became law December 28 but the V.A. was given 90 days to complete the extensive paper work necessary to get the plan going. Meanwhile the old and tougher regulations apply.

Liquor Situation Tight In State of Pennsylvania

Harrisburg, Pa., Feb. 8 (AP)—Pennsylvanians hoping for an early end to liquor rationing got no encouragement today from the Liquor Control Board which said conservation of grain "will tend to decrease the supply of liquor."

"Shipments are coming in right now," a spokesman for the board said, "but the effect of the conservation order probably will be felt soon." Rationing of certain types of whiskey began in Pennsylvania on November 15, 1943.

The Joiners

News of Interest to Fraternal Organizations

The regular meeting of Mystic Court, 62, O. of A., will be held at Masonic Temple Monday evening. A reception will be given the newly installed royal matron and royal patrons. Members are urged to attend. Master Masons are always invited.

State Nominations

Albany, N. Y., Feb. 8 (AP)—Governor Dewey today sent to the Senate for confirmation the following appointments: Benson H. Frost, Rhinebeck, to the Board of Visitors of Hudson River State Hospital; Howard S. Davis, Throft, to the Taconic State Park Commission; George W. Perkins, Cold Spring, to the Palisades Interstate Park Commission.

Sorry, No Coffee

Shanghai, Feb. 8 (AP)—Doughnuts are still being handed out by Red Cross girls on Pacific bases, but many of their stands are displaying signs reading: "Sorry—no coffee." An acute water shortage is affecting the Red Cross coffee pots on Johnson, Kwajalein and Guam Islands.

UNDER FIRE

The House of Representatives Judiciary Committee reported at Washington that former Federal Judge Albert W. Johnson (D-Mo.) was "sold justice" in his court "for all the traffic would bear."

The committee report would be served in the Senate. Johnson because he signed last July and subsequently cut himself off from a \$10,000-a-year full-pay pension.

Financial and Commercial

New York, Feb. 8 (AP)—Scattered stocks made little recovery today although many market leaders continued to seek lower ground.

Prices wavered a fairly active and steady opening. Dealings turned sluggish and fractional irregularity was the rule near the fourth hour.

The long wait for the administration's formula to run out later controversies tended to accentuate investment caution with the idea that results might not be as constructive as expected. Stocks enjoyed a mild advance at the start on hopes of a quick finish to the strike in this field but subsequently backed away. Liquors, already for a while, again weakened in response to the banning of wheat for alcoholic beverage manufacture.

Bonds were narrow and commodities higher.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 60 Beaver street, New York city, branch office, 48 Main street, R. B. Osterhout, manager.

WOMEN AND CHILDREN SAVED FROM YUKON

Rescued in campy when this blizzard took their lives, women and children from wrecked liner Yukon to enter Unalakleet near Sevard, Alaska. (AP Wirephoto.)

WOUNDED AND WIDOWED IN STRIKE SHOOTING

Amos Vinson, wounded in a shooting on the strike-bound Toledo, Peoria & Western Railroad, is shown (photo at left) at Methodist Hospital in Peoria, Ill., with his fiancée, Miss Florine Disquis. Mrs. Gloria Paschon (photo at right) and her six-months-old daughter, Lark, sit in their Peoria home after Mrs. Paschon learned that her husband, Irvin, was killed in the shooting, which occurred at Gridley, Ill. (AP Wirephoto.)

Chichester Squatter Gets 180-Day Term

Theron Hamilton, 50, of Chichester, was sentenced to 180 days in the Ulster county jail yesterday, when arraigned before Justice William C. Weyman, of Poughkeepsie, on charges of unlawful entry.

Hamilton was charged with complaints by Chichester residents that some unauthorized person was occupying a bungalow owned by Asa Horner of New York city. Deputy Sheriff Theron Townsend, who investigated for the sheriff's office, found Hamilton asleep in the bungalow.

Hamilton is said to have occupied the bungalow for 10 days and had been helping himself to food supplies stored in the bungalow, a supply of kerosene and an oil stove.

A Scalp Treatment But Not by Design

Philadelphia, Feb. 18 (AP)—A whirling drill caught the hair of Mrs. Freda McKee, attractive 36-year-old brunette, and wrenched four square inches of scalp from her head.

Surgeons at Bryn Mawr Hospital sent to the Autocar Works at nearby Ardmore yesterday and got the skin. Then in an emergency operation, they saved Mrs. McKee's scalp back to her head.

"She will be quite all right," surgeons said.

G.I. Bride Speeding To Tragedy in U. S.

Aboard the Queen Mary, Feb. 8 (AP)—One plucky mother of two children, speeding on the last half of the journey to America on this G.I. bride ship, is traveling with a heavy heart.

Sgt. E. Kathleen Houston Ramsey, 29, of London, widowed on the eve of her departure. She was notified that her husband, former Corp. John Ramsey of Wilmette, Ill., had died suddenly, but she received no details.

Mrs. Ramsey is making the trip to America in answer to a plea of her husband's elderly father, who begged her in a trans-Atlantic telephone conversation to come so he could see his grandchildren, Janette, 3 1/2, and John, one.

The liner which had been traveling at a reduced speed for the comfort of the wives and children, many of whom suffered from seasickness, stopped up her speed slightly today as she encountered less rough seas.

Butter Crisis Blamed On Unwise Pricings

Ithaca, N. Y., Feb. 8 (AP)—The New York State Farm Bureau Federation blames the butter shortage on the "unwise subsidy program" and the "unwise price fixing" of the federal government.

In a resolution to be sent Agriculture Secretary Clinton P. Anderson and O.P.A. Administrator Chester Bowles, the Federation asks "that the price of butter be allowed to increase materially and that subsidies be eliminated."

The resolution was adopted at a meeting of the federation board of directors yesterday.

The board said an increase in the price of butter would bring about "normal price relationships between that product and other dairy products."

Germans Sentenced

Nuernberg, Feb. 8 (AP)—Thirteen youthful members of the "Christian Pathfinders"—an organization devoted to distributing verse derogatory to American troops and compiling lists of traitors who fraternized with U. S. soldiers—were sentenced today to prison terms ranging from 45 days to five years by a military tribunal at Coburg.

Juliana Has Pneumonia

Amsterdam, Feb. 8 (AP)—Princess Juliana, recovering from the measles, has been stricken by a light case of pneumonia. An official announcement today said her condition was progressing favorably.

Churchills to Florida

Havana, Feb. 8 (AP)—Mr. and Mrs. Winston Churchill will leave by plane this afternoon for Miami, ending their Cuban holiday. They are expected to reach the resort between 1 and 6 p. m. Eastern Standard Time.

Brown-Out Shrouds New York in Gloom

New York, Feb. 8 (AP)—The world's greatest city wore its drab, brown coat again today—the coat it thought it had put away for good at the end of the war.

Along Broadway giant advertising display signs and gleaming theatre marquees were doused in compliance with Mayor O'Dwyer's "lights out" proclamation to conserve fuel during the tugboat strike.

The revolving news bulletins on the Times building, the animated cartoons and the cigarette sign that blows smoke rings were among principal victims of the dimmer.

Only the street lamps and lights from within stores and amusement places—not affected by the order—kept the area from hitting its wartime gloom.

And in the tangled miles of subways, the rattling trains were without heat.

The Broadway commercial signs began to fade shortly after the issuance of the O'Dwyer order Wednesday night and by last night all were shut out.

Minister, Woman Injured in Collision

The Rev. William T. Renison, rector of Trinity Episcopal Church, Saugerties, received an injury to his knee and Miss Lillian Mullen of Saugerties sustained a fracture of the right wrist and lacerations of the eye and forehead, when the automobile being driven by the Rev. Mr. Renison was in collision with a south-bound Mt. View bus about 7:55 Thursday night. Miss Mullen, after treatment by Dr. B. W. Gifford, was taken to the Benedictine Hospital.

The Rev. Mr. Renison's daughter, Mrs. Margaret Faxon and Mrs. John T. Washburn, who with Mrs. Mullen were passengers in the car, escaped injury.

Sergeant Mills of the Saugerties Police Department, who investigated the accident, found that the Rev. Mr. Renison was driving east from Montgomery street, to Cross Partition just as the bus came along and the two vehicles collided at the corner. Both car and bus were damaged in front. No injuries to passengers on the bus were reported.

Newspaperman Murdered

Philadelphia, Feb. 8 (AP)—Howard Taylor, 45-year-old newspaperman, was found stabbed to death early today in the kitchen of his home. A butcher knife was beneath the pajama-clad body. Police began an investigation. Police said the Taylors occupy the same house in which James Whiteside, an artist, was killed in an unsolved 1929 shooting.

What a Pull!

Melton Park, Surrey, England, Feb. 8 (AP)—A terrific gale lashing southern England caught 57-year-old James Matthews, who was flattened on his face, and drove his pipe stem through the back of his throat into his spinal column. The coroner's verdict today was accidental death.

Endorse New Parkway

New York, Feb. 8 (AP)—The executive committee of the Regional Plan Association endorsed yesterday the Palisades Interstate Parkway Commission plan for a 12-mile parkway atop the cliffs from the George Washington Bridge to the New York State line.

STRANGLER

Mary Lou Jenkins, 20 (above), found dead in her home at Columbia, Mo., was raped and strangled with a piece of lamp cord. Coroner E. J. Ward said. (AP Wirephoto.)

ADVERTISEMENTS

Manhattan Shirt Head Cited by Business Group

Julius C. Leeds, president of the Manhattan Shirt Company, received the Certificate of Public Service of the Branch Names Research Foundation at a testimonial dinner attended by over 1,200 business leaders, radio, newspaper and advertising executives Tuesday at the Hotel Astor, New York City.

The certificate honored the brand name "Manhattan" used by the Manhattan Shirt Co. to identify shirts, ties, pajamas, sportswear and handkerchiefs, which has been in constant use for 75 years. The presentation was made by Vice President A. O. Buckingham of Cluett Peabody & Co., Inc. Only brand names which have served the public for more than 50 years were eligible for the award which was created by the

Foundation to recognize the proved value of brand names in their services to consumer public. The citation describing the long history of responsible service to the public of the Manhattan Shirt Co. was made by Henry R. Aht, managing director of the Foundation.

The Manhattan Shirt Co. plant is located on Hoffman street.

Some Exchanges to Close

New York, Feb. 8 (AP)—Financial and commodity exchanges throughout the United States will be closed Lincoln's birthday, Tuesday, February 12. Various live-stock markets will be open. The Winnipeg grain market, Montreal and Toronto Securities Exchanges and the London Stock Exchange will operate as usual.

The Constitution of the United States originally consisted of a preamble and seven Articles; it has since been added to by amendments.

TRUCK WRECKS HOUSE AFTER FATAL CRASH

Aftermath of a fatal accident, this truck crashed into the dwelling at left near Abingdon, Va. Sgt. W. C. Nebbett of the Virginia State Police said that Mrs. Lester Kennedy, wife of a Pawtucket, R. I., golf pro, was killed when she was thrown from an automobile as it collided with the truck and that a second truck ran over her body. Her husband and two other golf pros, Jimmy Turnesa, Elmsford, N. Y., and Ed Oliver, Wilmington, Del., were injured. (AP Wirephoto).

Redeployment

(By The Associated Press)

Twenty-one vessels, carrying 16,570 service personnel, are scheduled to arrive today at four west coast ports while approximately 2,526 men are due to embark from six ships at three east coast ports.

Arriving on the Pacific coast are: Los Angeles, eight transports 5,269; San Francisco, six ships, 8,316; San Diego, Calif., five vessels, 25; Seattle, Wash., two ships, 2,960.

East coast arrivals include: New York, two vessels, 2,463; Boston, one ship, 24; Norfolk, Va., three transports, 37.

Ships and units arriving: At Norfolk Miscellaneous on following: Anzio, one; William Byrd from Birkenhead, 25, one Army; Mary Dodge, 10.

At New York Lehigh Victory from Le Havre, 1,160 troops, including 919th Field Artillery Battalion; 319th Engineer Construction Battalion; five nurses; 95 WACS.

Haverford Victory from Naples, 1,305 miscellaneous Army and 57 Navy.

At Boston St. Lawrence Victory from Calcutta, 24 miscellaneous Army personnel (due originally yesterday at New York).

At Los Angeles Miscellaneous on following: Gen. Weigel from Yokohama, 5,040; Inaugural from Pearl Harbor, 31; Opponent from Pearl Harbor, 38; Thornhill from Pearl Harbor, 44; Dour and Eager from Pearl Harbor, total 56; one L.S.T. from Pearl Harbor, 16.

Republican Notables In National Hookup

Four leading spokesmen for the Republican party will participate in a special Lincoln's Birthday broadcast over the Mutual network on Tuesday, February 12, from 11:30 to midnight. The program will be broadcast over station WKNY.

Among those who will be heard are Herbert Brownell, Republican party chairman who will speak from New York; Senator Robert A. Taft of Ohio, in an address from Kansas City; Clare Boothe Luce of Connecticut, speaking from Nashville, Tenn.; and Harold Stassen, former governor of Minnesota speaking from Boston.

Items Listed in Surplus Property Sale

In a nation-wide surplus property sale now under way, more than \$7,000,000 worth of turnbuckles, bolts, nuts and screws are being offered to priority groups and the trade, including exporters, according to an announcement made today by Col. Frank L. Seymour, Associate Regional Director, Consumer Goods Division, War Assets Corporation.

The items are offered in a wide variety of sizes, shapes and finishes. Included are 365,000 turnbuckles in various sizes and styles. There is also a large quantity of bolts, nuts, machine screws, cap screws, set screws, wood screws and stove bolts. The items to be sold are either in standard or packages or in bulk.

The offering is made to Federal, State and local governments, veterans, dealers, industrial users and exporters.

A blow with a stick on the tip of the porcupine's sensitive nose will kill him.

The porcupine is also known as quill-pig, urson, hedgehog, and quiller.

GRANGE NEWS

Lake Katrine

The regular meeting of the Lake Katrine Grange was held Monday, February 4, with an excellent attendance. The library hour was in charge of Mr. and Mrs. William T. Hookey.

The program was as follows: Grand march, played by Mrs. Arthur Brink, with all the members marching; talk on "George Washington the Farmer" by Myron Boice, Jr.; Games—Mystery Numbers and Magic Numbers, arranged by William T. Hookey, played by Miss Ida Boice, Mrs. Hubert Brink, H. Klippel and Richard Boice; piano duets—"Under the Double Eagle" and "Silver Bells," played by Mrs. Donald Parish and Miss Valerie Beam; poems—"Winter Evening" and "Heaven in Winter," written and recited by Mrs. Herman Sehler; solo—"Ave Maria" by Harrison Millard, sung by Miss Valerie Beam, with Mrs. Donald Parish as accompanist; games—"Tip card" and "battle contest," by William T. Hookey, with Mrs. Marjorie Kingsley, Mrs. Donald Parish, Leroy Crosby and Donald Morehouse participating.

At the end of the program a vote of thanks was given Mr. and Mrs. William T. Hookey. Dancing was enjoyed after the program with Mrs. Arthur Brink, Horace Boice and David Sheffield furnishing the music.

Refreshments were served by the committee consisting of: Mr. and Mrs. H. Klippel, Miss Eleanor Morehouse, Mrs. Marjorie Kingsley, Mrs. Madison S. Forde, Richard Boice and Myron Boice, Jr.

Northern Lights

Philadelphia, Feb. 8 (AP)—The best display of Northern Lights since September 18, 1941, was visible last night, Roy J. Marshall, director of Fels Planetarium, Franklin Institute, declared. Dr. Marshall said the lights, which were visible throughout northern United States and Canada, were a manifestation of sun spot, an effusion of electrical energy which moved across the sun during the past week and were directly in the middle of the sun disc, "pointed right at us."

Hess Becomes Ill

Nuernberg, Feb. 8 (AP)—Rudolf Hess, one of the defendants at the war crimes trial, was taken ill during the noon recess today and was removed from the court building to a cell for medical examination.

Safe Crackers Get \$720 In Poughkeepsie Market

Safe robbers forced entrance to the office of the Empire Community Market, at Main street and Grand avenue, Poughkeepsie, some time Wednesday night, ripped open the office safe and escaped with \$720 in cash, police said.

The safe robbery was the third to occur in Poughkeepsie since last October 18, when burglars entered the Great Bull Market, west of the Empire Market, and escaped with about \$2,500 in cash.

Less than two weeks ago, robbers forced entrance to the Beacon Grain Co. offices on Smith street, but were frightened away before they could rifle the safe.

21 Kingston Men Join Bumper Crop Of Army Enlistees

Twenty-one Kingstonians were among the record breaking total of 2481 regular army enlistments announced today by the Second Service Command's New York District. This is the largest number of men enlisted in one month since the campaign began last October.

The enlistees can be classified into three groups—the 17 year olds who will be eligible for the draft soon, and who prefer to enlist; the veterans who fought for the hard won peace; and former regular army enlisted men who have desired to make a career of the army until retirement.

Under regulations recently released, veterans who re-enlist within 90 days after discharge.

Maroons May Be Minus Two for Game Tonight

We note in the official entry blank for the Kingston Bowling Association's annual city championships that averages are frozen as of the end of the 1944-45 season, including the summer league of 1945. This is a rather unusual procedure, in view of the fact that the overwhelming majority of city tournaments are based on live averages, frozen at a certain period prior to the actual start of the tourney.

Our curiosity aroused, we proceeded to quiz an executive committee member who told us that the rule was instituted to protect the bowlers from renegades who deliberately throw away pins in order to qualify for a lower classification.

If such bowlers exist in any number at all, it is a pretty good commentary on the ethics, ideas and sportsmanship of Kingston bowling. We must assume that they do flourish in goodly numbers, otherwise the K.B.A. would not have been moved to this unusual policy of basing averages. If they exist in such large numbers, the solution of the problem rests squarely with the executive committee which is empowered by A.B.C. rules to do something about it.

THE AUTOMATIC SPOTTER IS HERE, AT LAST.

It's no longer a secret, says The Bowler. Photographs have been released to the trade by the American Machine and Foundry Co. of their new automatic pin spotter, a device which is expected to have far-reaching effect on the rapidly growing tenpin industry.

In describing the machine, Robert E. Kennedy, sales director of the AMF bowling equipment division, said that in addition to returning the ball and spotting the pins, it takes into account spares and strikes. "I am convinced that the AMF machine is the long-awaited answer to the bowling industry's search for a completely automatic, highly reliable pinspotter," said Kennedy. The spotter will be ready for demonstration in early summer.

Things we'd like to see in bowling in the Hudson Valley area:

1. An annual singles tourney comparable to the Petersen Classic.
2. A women's league similar to the Hudson Valley loop.
3. An annual Hudson Valley five.

Kingston, N. Y.

Albany Definitely Out, and Locals May Play Without Weaver; Game at 8:15

Minus the services of one and possibly two members of their high scoring front line, a handicapped Kingston High basketball squad faces Port Jervis tonight at the municipal auditorium in a DUSO game. Game time is 8:15, with a preliminary between the unbeaten Maroon Jayvee quintet and a local team, slated for the 7 o'clock bell.

The one member of the Maroon scoring attack that will definitely not see action tonight is Tony Albany, team high scorer. Albany injured his ankle in the Poughkeepsie game Tuesday night which the locals came on to win 36-34, and is not expected back in uniform until next week.

Weaver Question Mark

It was announced yesterday by Coach G. Warren Kias, that the Maroons' may possibly be without their ace center, Eddie Weaver in tonight's contest. Weaver was confined yesterday with a severe cold and a temperature of 101. However, it is not official that he will be out of action tonight, and Kingston fans have their hopes that the 15 year old sophomore ace will be sufficiently recovered to play tonight.

George Glaser will be in at the other forward slot when the Maroon takes the floor this evening, and if Weaver is not ready, it is expected that Eddie McCordle will be in at the center slot. Both of these boys have seen some action this year, and although they can not take the place of the ace tossers, Weaver and Albany, they are a pair of promising ball hawkers. Both are excellent floor men, and Glaser has found the hoop more than once with his tosses.

Port has not tasted victory in the DUSO League this year, and has played poor ball in all games but one. The Red Raiders almost upset Liberty in their first round meeting sporting a 15 point lead at one time. However, they lacked the drive necessary to hold such a lead, and lost out in the long run. Elsewhere in the DUSO League, two big games are on tap at Monticello and Liberty, the former playing host to Newburgh and the latter opposing Middletown. Both contests are expected to be close with the Monties and the Middies listed as slight favorites.

Newburgh by 31-26, and Middletown by 38-35, were the victors in the previous meeting of these teams.

Kingston goes out tonight in search of its sixth straight victory and their eighth in the last ten tries. The locals are now sporting a record of nine wins against three setbacks and would very much like to hit the double figures in the win column this evening before the home crowd.

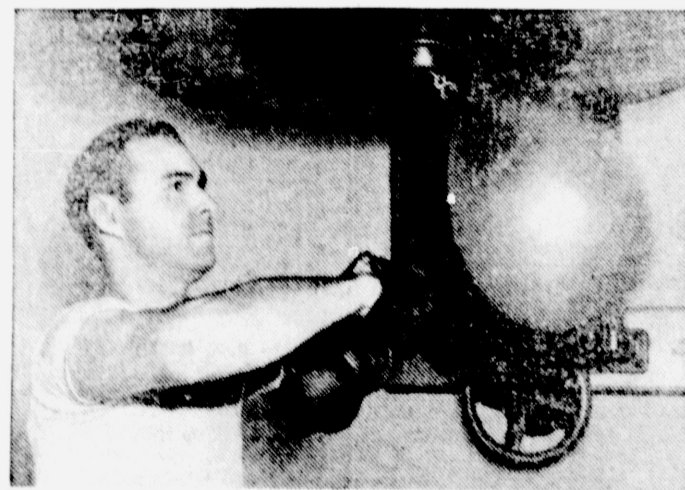

Second round DUSO standings:

Team	W	L	Pct.
Newburgh	1	0	1.000
Monticello	1	0	1.000
Kingston	1	0	1.000
Middletown	0	1	.000
Port Jervis	0	1	.000
Liberty	0	1	.000

Port Jervis at Kingston
Newburgh at Monticello
Middletown at Liberty

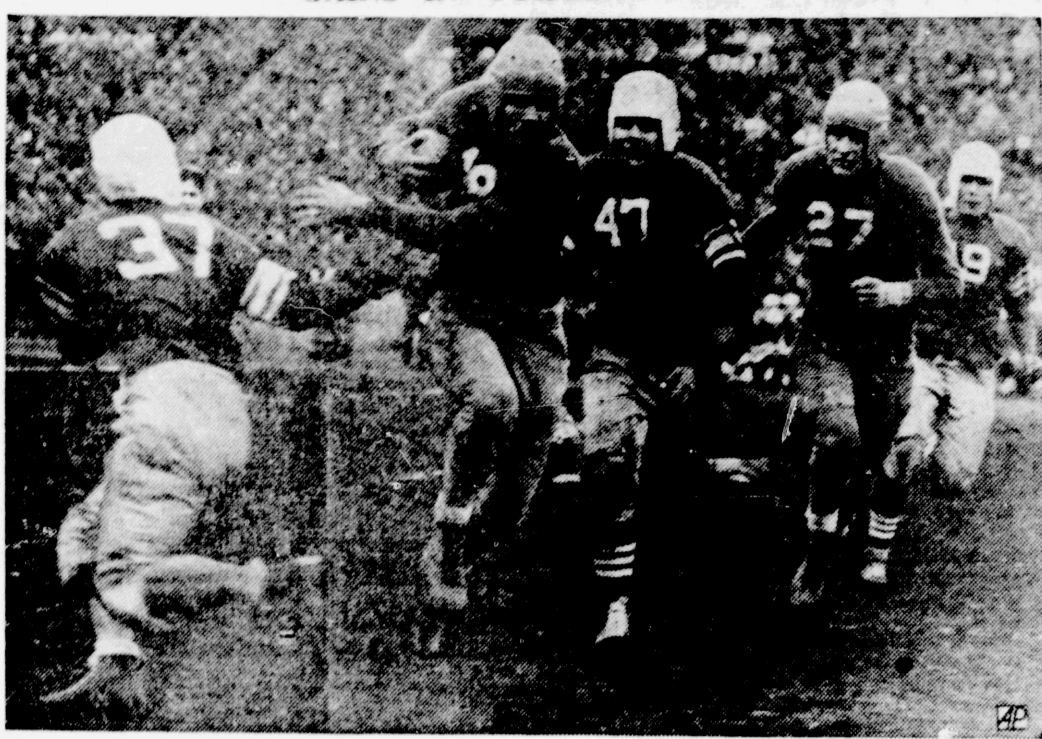

Dempsey to Referee
Detroit, Feb. 8 (AP)—Jack Dempsey, touring Michigan as a wrestling referee, gets back to the fight ring here tonight as referee of the 10-round Olympic headliner between Sal Bartolo of Boston, the N.B.A. featherweight champion, and Indian Paulie Jackson of Reading, Penn.

Eagles Sign Kish
Philadelphia, Feb. 8 (AP)—The Philadelphia Eagles of the National Football League have two fullbacks in the fold for the 1946 pro league battle. Signed contracts were received from veteran Ben Kish and from Frank Fors, former St. Vincent's College star.

LOSING WEIGHT—Boston Braves Outfielder Tommy Holmes, who got a hit in 37 consecutive games last year for a national league record, works out in Brooklyn to lose some weight before reporting at spring training camp in Florida. He punches a bag (top), uses a rowing machine (bottom left) and whistles as the scales show him five pounds overweight.

GAINS IN TOKYO GAME

Hen Laughlin of Anaconda, Mont., back on the Eleventh Airborne football team, carries the ball for a 10-yard advance in the title football game of the Pacific Air Olympics January 28 in Tokyo. The Eleventh topped the Honolulu All Stars, 19 to 0. Third from left is Ed Zednik of Cleveland, an end.

Gordon Talks of Trade From Yankees; Battle Is Shaping

'Flash' Believes Yankees May Trade Stirmweiss or Himself; Giants Sign Four More

New York, Feb. 8 (AP)—Unless Joe Gordon is kidding, he believes he or George Stirmweiss, his rival for the regular second base job on the New York Yankees, may be traded.

"What are the Yanks going to do with both of us?" queried Gordon yesterday in Chicago where he was en route to join his mates for the trip to Panama to start spring training. "It looks like one of us will be traded or moved to another position, or draw a fat salary for sitting on the bench."

Of course, hardly anyone takes Gordon seriously. It seems inconceivable Manager Joe McCarthy would trade either Gordon voted the most valuable player in the American League in 1942, or Stirmweiss, who won the league batting and base stealing titles last year.

May Move to Third
It is felt in baseball circles that the two will stage a red-hot fight for the keystone job, with the loser moving to third base where Bill Johnson, 1943 regular, is not expected back until mid-summer.

He is still in the Army with insufficient points for a discharge. For the last two years, five volunteers have essayed the third base role without much success.

Gordon said he wouldn't mind playing the hot corner as he performed at that spot some in the Minors. Stirmweiss ventured no opinion, but he also has performed at third in the Minors.

Other baseball items
New York Giants—Four more players signed on the dotted line including Pitchers Hal Schumacher, Dave Koss and Bill Emmerich and Catcher Clyde Klutts. Manager Mel Ott, stopping off in Jacksonville, Fla., on route for Miami where the Giants begin training Sunday, picks the Cardinals, Cubs and Braves as the teams to beat for the pennant.

Chicago Cubs—A total of 49 players will leave in two groups on Feb. 16 and Feb. 23 for training at Catalina Island, Jim Gallagher, vice-president announced.

Dodgers Sign Padgett
Brooklyn Dodgers—Don Padgett, outfielder purchased at the close of the '41 season from the Cardinals, was the latest to sign his contract as the Dodgers prepared to start training in Clearwater, Fla. Sunday. He was discharged from the Navy recently.

Tunney Picks Louis
Havana, Feb. 8 (AP)—Former Heavyweight Champion Gene Tunney picks Joe Louis to knock out Billy Conn in three rounds when they meet at the Yankee Stadium in June. "Louis can klayo Conn in the first or second round if he wants to," Tunney said in an interview. "Joe is a far better all-around fighter than Conn ever will be."

Pirates Sign Two
Other players to sign contracts yesterday included outfielder Eric Tipton of the Cincinnati Reds; Pitchers Bill Brandt and Fred Clemence of the Pittsburgh Pirates and outfielder Stan Wentzel and Chet Wiecek of the Boston Braves. Wiecek was drafted by the Braves at the end of the 1943 season after leading the American Association in batting. He was recently discharged from the Army.

Kerhonkson Trips New Paltz, 49-39

The Kerhonkson Farmers made it four in a row Wednesday night by downing the strong New Paltz American Legion basketball team by the score of 49 to 39.

High scorer for the winners was Bill Quick who flipped in 14 points. Conklin and Kite split the honors for New Paltz with nine apiece.

The score:

Player	FG	FP	Tot.
Poppel, f	5	0	10
Siegel, f	2	1	5
C. Schoonmaker, f	4	2	10
Quick, c	6	2	14
Decker, g	0	0	0
D. Schoonmaker, g	3	4	10
New Paltz (39)	20	9	49

Player	FG	FP	Tot.
Conklin, f	4	1	9
Kite, f	3	3	9

"RIVERSIDE TIRES didn't come on my cab,—

I CHOSE THEM!

When Your Car is Your Business,

Tire-Miles per Dollar Mean Plenty

40 million Riverside Tires have been sold . . . to car-owners of every type. And every single one of these Riversides was deliberately chosen, in preference to all other makes of tires. (For Riversides don't come on new cars.) Millions of Americans who choose their tires carefully have learned that Riversides mean more miles per dollar, more miles of safety. Today, Riversides are actually stronger than pre-war tires! Every ply is built stronger, to make your tire last longer, and provide real protection against bruises and blow-outs.

If we are temporarily out of your size, remember—new tires are arriving at Wards every week. (And selling fast!)

MILES OF SAFETY ON RIVERSIDES

MONTGOMERY WARD

Entries for K.B.A. Championship Will Close This Sunday

Vernon Freese Reports Applications Have Been Returned at Good Rate So Far

Entries for the annual Kingston Bowling Association city championships close midnight Sunday, Secretary Vernon Freese said this morning.

Urging the bowlers to file entries as soon as possible in order to avoid the usual last-minute rush, Freese said that entries have been coming in at a fairly rapid rate. It cannot be ascertained at the moment whether or not the entry list will approximate that of last year's tournament.

Class C has been eliminated this season, offering a wider latitude of handicap for the less accomplished bowlers of the city. This change is expected to create a great deal of interest among bowlers in the 160 and lower brackets.

Blankets have been at the alleys and forwarded to league captains for quite some time. If your team captain has not filed his entry, see him at once.

The tournament as usual will be rolled on the Central Recreation Center. A bowler may compete more than once in the 5-man competition, providing he has rolled at least 25 per cent of the scheduled games of that league.

Kingston Defeats Newburgh, 60-41; Pine Plains Next

With Hanson, Kelse, Lindhorst showing the way in the scoring column, the Y.M.C.A. varsity basketball team defeated Newburgh last night at the municipal auditorium by the score of 60 to 41. Newburgh failed to take the floor with any of the pre-game players it had on its roster such as Havens, Rohan, Inzeria and Pilus.

Hanson, playing forward for Lou Schafer, took scoring honors in the contest with 14 points. Jack Kelse and Ray Lindhorst followed with 10. Lebowitz checked in 13 for Newburgh. Kingston had a 28 to 19 margin at halftime.

In the preliminary the junior varsity kept on winning by downing Walden to the tune of 60 to 36. McElrath dumped in 16 for the winners. Snyder had 12 for Walden.

Saturday's Games
The local "Y" cagers will meet Pine Plains in a twin-bill at the Y.M.C.A. boards Saturday night. At 7:30 o'clock the junior varsity will tangle with the Pine Plains boys and at 9 o'clock the Pine Plains varsity meets the "Y" varsity squad.

Villanova Grd Slate

Villanova, Pa., Feb. 8 (AP)—Villanova College announces its most ambitious football schedule in history for 1946, starting off with a game at West Point with Army's national champions September 1.

The following week, Villanova tackles Navy at Annapolis. Then Holy Cross, Georgetown, Boston College, Miami (Fla.) University and Detroit.

Major League

Phil Masters did it again at the Central Rec alleys last night as he fashioned himself an enviable 247 high single and a 629 high triple of the night in Major League bowling.

Masters put together his scores of 176, 206 and that 247 for the high mark as his Les Pommiers dropped two games to the Grunewalds. Van Alstyne's 225 and 565 were high for the winners.

Randy Kelder of Jones and J. Raymond of the Stars, keglers smashed 607 three-times last night. Randy Kelder blasted a 211 for his high solo while Raymond came through with a 236 game.

The Jones bowlers lost two decisions to the Hynes club and Steins took a pair from the Hofbraus.

Osmer's 570 triple paced Mickey's to two wins over the Doblers. Harold Broskie's 243 single was high for the Doblers.

The scores:

Anti-New York Movement Gains Momentum in U. N. O.

Continued from Page One

ports had reported the French proposal to defer the final choice of a site until the September meeting of the General Assembly stood a chance to win out if Britain and Russia could tack on an amendment still restricting the eventual selection to the northeastern part of the United States.

China, as well as Britain and Russia, favor the site-inspection committee's recommendations for New York as interim headquarters and the nearby Stamford-Greenwich area for permanent headquarters.

France came out against both the inspection committee's proposals yesterday. It was suggested that Secretary-General Trygve Lie be authorized to choose temporary quarters in some city where temporary facilities were offered.

192 CLINTON AVE.

Small Lot, No Garage
Excellent Location
8 Rooms, 2 Baths
Hot Water Oil Heat

\$7800 terms
Inspection by Appointment

2 Family--Second Ward

6 Rooms Each Side
Extra Large Lot--Garage

UNO Referendum In Greenwich Will Be Held March 2

Continued from Page One

ganizations have indicated that they may take part in the ultimate decision. Commander Alfred Kuntz of the Greenwich Post of Disabled American Veterans said today that the American Legion, the Veterans of Foreign Wars, the Greenwich Veterans Association and all mer and women veterans had been asked to attend a mass meeting Tuesday night in the high school auditorium.

Commander Kuntz said that the meeting would be for the purpose of discussing the referendum, but that no sides would be taken and that no resolutions would be proposed or adopted.

Liberals Hall Selection

New York, Feb. 8 (AP)—The Liberal Party Club of central Westchester last night adopted a resolution hailing the selection of Westchester county as part of the site for the headquarters of the United Nations.

The resolution said: "The Liberal party of central Westchester is proud to welcome the United Nations Organization to Westchester. We pledge our wholehearted cooperation to assure the successful achievement of a world order."

We feel it is a rare privilege to be so close to the world capital, and hope to play a small part in bringing about enduring peace."

Cable Their Support

New York, Feb. 8 (AP)—Ten organizations yesterday cabled the United Nations Organization in London their support of the selection of the Greenwich, Conn.—Westchester county, N. Y., area as permanent site of U.N.O.

"The American people approve and support the United Nations Inspection Committee's recommendation of the North Stamford-Greenwich site," the cable said. "The protests of individual property owners reflect a minority opinion within the designated area."

The cablegram was signed by the American Slav Congress, Americans United for World Organization, Council for Democracy, Friends of Democracy, Independent Citizens Committee of the Arts, Sciences and Professions, Methodist Federation of Social Services, National Citizens Political Action Committee, National Lawyers Guild, Southern Conference for Human Welfare and the Union for Democratic Action.

Steel Strike Is Approaching End

in his compromise proposal of January 17.

Blames F.D.R. Regime

Washington, Feb. 8 (AP)—President Truman's broad-for-Europe program touched off rumblings of opposition in Congress today, and it led Alf H. Landon to contend the Roosevelt administration was partly responsible for the food shortage abroad.

First tangible hint of disapproval was the introduction of a bill by Rep. Edwin A. Hall (R-N. Y.) to ban the export of foodstuffs temporarily until it is determined that American consumers will be assured "the present amount of white bread."

Mr. Truman's plan for cutting American wheat consumption also drew questioning comment from other lawmakers unenthusiastic about the dark bread it will mean on the nation's menu.

Landon, 1936 Republican nominee for President, stepped into the incipient debate by attributing the food situation in Germany, at least, to what he termed the "cruel and inhuman" plan formulated by former Secretary of the Treasury Morgenthau for treatment of the conquered Reich.

Contending this country had followed the Morgenthau plan, Landon told a news conference yesterday in Topeka, the United States must decide whether to "continue to feed Germany, reverse our policy, or be a modern-day Genghis Khan."

Describing the policy as a heritage which the late President Roosevelt had left Mr. Truman, Landon said it was "both silly and criminal" to pursue it because "it is an utter failure."

In New York, Morgenthau said, "I recommend that Mr. Landon buy a copy of my book and read it. He obviously doesn't know what he is talking about. I think his statement is vicious."

Meat Situation

Washington, Feb. 8 (AP)—The government today offered a 16 cent an hour wage boost—tightly tied to larger subsidies or higher meat prices—as its prescription for settling the meat industry's wage dispute.

The plan, proposed last night by a federal fact-finding board, immediately ran into industry opposition, approval by the A.F.L. union involved, and a non-committal attitude by the C.I.O.

Under its terms, five major packing companies were asked to raise the wages of 90,000 production workers 16 cents an hour, absorb five cents of the added labor cost, and receive added federal subsidies or price relief to cover the 11-cent balance. Companies involved are Swift, Armour, Cudahy, Wilson and John Morrell.

In Chicago, the American Meat Institute, a trade organization, termed the fact-finders' recommendation "unfair to the industry" and said the companies were unable to absorb any part of the proposed wage increase.

Demands Not Met

Officers of the Amalgamated Butchers announced that the wage proposal did not meet their demands but the workers' acceptance would be urged "at this time." President Lewis Clark of the C.I.O. Packinghouse Workers said he would call an immediate meeting of his national wage and

SLEET STORM DITCHES JERSEY BUS

Skidding off icy River road at Pennsauken, N. J., this bus carried 14 occupants down a 30-foot embankment. All escaped injury. (AP Wirephoto).

Music Appreciation Group Has Program on Art Song

The Music Appreciation Group of the Y.W.C.A. Women's Club met at the home of Mrs. Edward Remmert, on Mountain View avenue, Thursday afternoon. Mrs. W. Kenneth Kukuk and Mrs. Ralph Harper had the program for the day.

Mrs. Kukuk gave an interesting talk on the art song which she described as a composition for a single voice, simple in structure and as universal in appeal as the folk song, sometimes the border line between the folk song and the art song is vague. She mentioned Franz Schubert and Robert Schumann as the accepted masters of song. Under the touch of Schubert, the song long neglected and despised as a lowly folk song suddenly became the favorite among the professional musicians.

In closing she spoke again of the structure of the music and the correspondence between the words and music.

Mrs. Ralph Harper accompanied by Mrs. C. Franklin Pierce sang two groups of songs:

Carol Mio Ben Giordani
Heather Rose Schubert
Were My Songs with Wings
Provided Hahn

Solveig's Song Grieg
The Slumber Song Gretchen
Smile of Spring Fletcher
By a Lowly Forest

The Iris Griffith
The next meeting will be at the home of Miss Ruth Smith, 85 Clinton avenue, February 21. Mrs. Arthur J. Laidlaw and Mrs. Alfred Schmid will have charge of the program whose topic will be Debussy.

No Damage Reported In Two Local Fires

A fire in a seat cushion of the automobile of George Schaffer, of 137 St. James street, was extinguished by firemen from the Wiltwyck Fire Station, when the car drew up in front of the fire house last night. The fire was caused by a lighted cigarette, the fire department said.

A chimney fire was reported at the home of Garret Sutton, 62 Farrelly street, at 9:30 o'clock last night. Firemen used chemicals to extinguish the blaze.

ETIQUETTE FOR GUEST OF HONOR

The honor shown a distinguished guest is in being seated first, not in rising. This subject is discussed in the following letter: "At a recent lunch party, the wife of an important military man got up first and then the hostess followed immediately and in turn was followed by other guests. We were wondering if the fact of the husband's importance was according to correct etiquette? This was a woman's formal lunch party."

The hostess should have stood at her place first and then have let the guest of honor leave the room first. The others should have followed her and the hostess should have gone last. It is never correct that a guest "make the motion to rise" from the table, no matter who she may be.

Answer: Usually the chairman of the dinner leads the grand march. However, she may give precedence to the president of the organization. In either case, she would walk with a specially distinguished guest. The governor, for example, or the mayor or another prominent citizen. If no one of great prominence is present, she then might properly choose her own husband. The other officers would follow with their special guests or their own husbands.

Party Not Obligation of Best Man
Dear Mrs. Post: My husband is going to be best man at a small wedding and would like to know his obligations. In this, I believe, unusual situation, my husband does not know the groom's best friends, which brings up some doubt as to whether it would be suitable for my husband to give the groom a party of some sort. If suitable under these conditions, he thought he would like to give a bachelor dinner at a hotel or in his club.

Answer: The custom is for the groom himself to give his own bachelor dinner. If the best man cares to give such a dinner or any other party, it would be permissible.

Dear Mrs. Post: At the annual dinner of the leading women's organization, who lead a specially distinguished guest. The governor, for example, or the mayor or another prominent citizen. If no one of great prominence is present, she then might properly choose her own husband. The other officers would follow with their special guests or their own husbands.

Dear Mrs. Post: At the annual dinner of the leading women's organization, who lead a specially distinguished guest. The governor, for example, or the mayor or another prominent citizen. If no one of great prominence is present, she then might properly choose her own husband. The other officers would follow with their special guests or their own husbands.

CLUBS PERSONALS

Hi Plans Program for Next Few Weeks

The Y.W.C.A. So-Hi Club for women held a special planning meeting Monday evening at the home of Mrs. Lantry, president, to arrange for programs for the next 10 weeks. Miss Lantry, president, announced the following tentative plan: February 11, book review by Mrs. Herbert Fisher; February 18, field trip to Kingston City Laboratory; February 25, talk on "Understanding Our World"; March 4, field trip to Kingston City Laboratory; March 11, second in a series of talks on "Understanding Our World"; March 18, field trip to Kingston City Laboratory; March 25, bowling; April 1 and 8, making Easter books for hospitalized children.

Miss Rosemary Murphy is the sponsor of this group and with the executive committee of the club will be interested in the program to join with the organization.

Following the business meeting the girls participated in a quiz, "Well Do You Know Your Y.W.C.A.?" The eight girls known as the Y.W.C.A. were Misses Joan Fay, Shirley Cantaker, Margaret Howard, Esther Ausanio, Evelyn Long, Lantry, Connie Krom and Helen Willit. After the contest Lantry and Miss Mary Hyatt, president and vice president, served refreshments.

China Relief Speaker Returns to Y. W. C. A.

Plans for Liu Liang-mo to speak at the Y.W.C.A. Tuesday, February 19, were completed by the Kingston Study Group in a meeting at the home of Mrs. Lantry, Tuesday. Mr. Liu, who represents United China Relief, spoke in Kingston last year under the auspices of the Business and Professional Girls' Club. This year he returns under the sponsorship of the Study Group. Several other activities were planned for the group. It will assist in the present strike situation by collecting food, money, and other necessities for the strikers and their families, and cooperate in the present clothing drive. A report on the history and status of the fair employment practice in New York state was given by Miss Janice Kenik. Discussion followed the report and it was resolved to take action by sending postal cards to Congress urging the passage of the F.E.P.C. Refreshments were served. The next business meeting is planned for March 5.

Pastor and Bride

REV. AND MRS. GERARD KOSTER

Announcement has been made of the marriage of Miss Sadie Jean Bakker, daughter of Mr. and Mrs. Cornelius Bakker, 162 Burgess Place, Passaic, N. J., to the Rev. Gerard John Koster, Stone Ridge, son of Mr. and Mrs. John G. Koster, Chicago, Ill. The ceremony was performed at the Holland Reformed Church, Clifton, N. J., January 15, by the Rev. G. M. Pernis. The Rev. Mr. Koster is pastor of the Reformed Church at Stone Ridge and they will make their home at the parsonage there. He also supplies the Reformed Churches at High Falls and Corteckill.

Tri-Hi Considers Plans For Valentine Dance

Four enthusiastic committees of Tri-Hi Club met to consider plans for the Tri-Hi Valentine Benefit Dance to be held in the Y.W.C.A. gymnasium Saturday evening, February 16, beginning at 8 o'clock. This year the profit from the dance will augment the World Fellowship Fund of the Y.W.C.A. The program committee of Tri-Hi met with their advisor, Mrs. Herbert Fisher, Wednesday afternoon to make plans for the meetings through Easter time. Some excellent ideas were considered by the committee and Miss Beth Sherman, committee chairman, will announce the program as soon as a few more details have been cleared.

Raymond Herrick Is Honored At Welcome Home Party

A welcome home party was given for Raymond Herrick by his wife at the home of her brother-in-law and sister, Mr. and Mrs. Daniel Van Wagenen, 329 Lucas avenue, Monday evening. Mr. Herrick was recently honorably discharged from the army. Among the guests were Mr. and Mrs. Van Wagenen, Mr. and Mrs. John Lawrence, Mr. and Mrs. Leo Buboltz, Mr. and Mrs. Robert Southard, Mr. and Mrs. Karl Woodman, Mrs. Myron Herrick, Mrs. Bernard Bourke, Mrs. William Strubel, Miss Virginia Guadagnola, Miss Iona Van Wagenen, James Herrick, Peter Mancuso and Raymond Maynone.

Estella J. Chase Is Married to William J. Davis

Miss Estella J. Chase, daughter of Asa William Chase of Wallkill was married to William J. Davis, Jr., son of Mr. and Mrs. William Davis of Newburgh, Saturday, February 2, by the Rev. Ralph MacFadden at his home. The attendants were Mr. and Mrs. Harold F. Davis, uncle and aunt of the bridegroom. The bride attended Wallkill schools. Mr. Davis, a graduate of Newburgh schools, entered the army in August 1942 and served in Europe and Japan for 25 months. He recently was discharged as a private first class. Mr. and Mrs. Davis are making their home at 47 Johns street, Newburgh.

Chairmen Plan D. A. R. Colonial Bazaar

Among the chairmen planning for the annual Colonial Bazaar and Card Party, March 15, at Wiltwyck Chapter D.A.R. are back row from left, Mrs. Arthur Quimby, Mrs. R. R. Empringham, Mrs. Walter T. Tremper, Mrs. G. N. Wood, Mrs. Hiram F. Whitney; front row, Mrs. Burdette R. Tuttle, Mrs. Charles Terwilliger, Mrs. Clarence Dumm, general chairman, and Mrs. Maynard Mizel. Two card parties are planned, one for the afternoon and the other for the evening. Fancy articles and homemade foods will be among the features at the bazaar.

Mrs. Dunbar Is Guest Speaker for D. A. R.

Mrs. Henry F. Dunbar was the guest speaker at the regular meeting of Wiltwyck Chapter D.A.R. Thursday afternoon at the Chapter house. She chose as her subject "Relics of Local Indian Tribes."

At first she spoke of some of the background of the Indians as a people with distinctly Mongoloid features and showing traces of Chinese art. Although their culture is barbaric it is not primitive she explained as she spoke of the use of dried meats and fish as well as maple sugar.

Among the relics found in gardens are pieces of stone, copper and pottery. Because of weather conditions the handles of tomahawks and wooden canoes have been destroyed. Speaking of the Eastern tribes she spoke of the two main classifications, Algonquians and Iroquois who, unlike the Indians of the plains built permanent villages. Mrs. Dunbar read a description of a "long house" where six or more families lived in one of the first cooperative homes. Although the villages were dirty, they had good gardens and showed evidence of artistic expression in bead and quill work and the stone culture in making utensils such as arrowheads, hoes, rubbing stones and hammers. Pottery was also made for cooking. Each tribe had its own characteristic design. Mrs. Dunbar concluded by saying that it is important that the archaeologist knows the location where the relics are found for full significance of the historical record.

A short business meeting preceded the talk with Mrs. Clarence Dumm, regent, presiding. Mrs. Roger Billings, Junior Group chairman, invited the seniors to meet with them March 4, as their guests. Mrs. Clair Sheaffer reported on the activities and accomplishments of the J.A.C. clubs.

Several projects were reported. Mrs. Clearwater reported that the National Defense Committee has sent the equipped "buddy bags" to the navy veteran hospital in Rhode Island. Mrs. Arthur Quimby has collected two cartons of Christmas cards; Mrs. W. Dean Hays has mailed 15 pounds of cancelled stamps and asked for more; Mrs. R. R. Empringham sent four boxes of books to the marine hospital.

Mrs. Dumm reminded the group of the Washington Birthday party meeting to be held at 2 p. m. instead of 2:30 as scheduled. The C.A.R. has been invited to meet with the older group.

Nominations and elections of delegates to the Continental Congress to be held May 19, in Atlantic City were held. Results were Mrs. Dumm as regent; Mrs. Adam Porter, delegate; Miss Isabel Swartwout and Mrs. Paul Hinkley, regent alternates; Mrs. Roger Billings, Mrs. William Macgregor Mills, delegate alternates. Mrs. Ralph Post and Mrs. Lauren Lashier will also attend the congress as members.

Following the meeting tea was served at a table arranged in keeping with the Valentine theme. Hostesses were Mrs. Arthur Hazenbush, Mrs. Walter T. Tremper, and Mrs. Hiram F. Whitney.

Personal Notes

Dr. and Mrs. Frank A. Johnston of 291 Pearl street have returned from a vacation at Fort Lauderdale, Fla.

Donald Dumm, son of Mr. and Mrs. Clarence L. Dumm, 4 Mountain View avenue has arrived at his home following his discharge from the Navy "Seabees" after three years of service, one of which was served on Guam. He plans to return to Brothers College, Drew University, Madison, N. J., for the new semester, March 4.

Miss Janice Hyde has returned to Cortland State Teachers' College after spending a week of mid-semester vacation with her parents, Mr. and Mrs. Clarence L. Hyde, 17 Levan street. She had as her guest a classmate, Miss Glenette Forgue of Mount Kisco.

Miss Peggy Whelan, a student at the College of Mount St. Vincent, will spend the week-end with her parents, Dr. and Mrs. R. B. Whelan, 196 Clinton avenue.

Miss Gloria Jaffer, daughter of Mr. and Mrs. James Jaffer of 290 Hasbrouck avenue, a sophomore at New York State College for Teachers at Albany, was chosen to play a part in "The Mask of Tragedy" presented by the Elementary Dramatics Class of the college.

Luther League Plans For State Convention To Be Held Here

The executive committee of the Luther League of the State of New York will hold its winter sessions in the Governor Clinton Hotel Saturday and Sunday. The Luther League is the official young people's work of the 463 churches of the United Lutheran Synod of New York. At this meeting final plans will be completed for the 1946 Annual State Convention of the Luther League which will be held here June 7, 8 and 9 with Trinity Lutheran Church as the host church.

The officers and secretaries who will attend this meeting are: President, Frederick G. Funck, Syracuse; vice president, Donald W. Prigge, Gettysburg, Pa.; recording secretary, Mrs. Vera A. Sharp, Rochester; corresponding secretary, Miss Virginia Rumpf, Syracuse; treasurer, Miss Katherine Hildebrandt, Hackensack, N. J.; educational and program secretary, Miss Florence L. Agne, Verona; missionary secretary, Miss Dorothy L. Traupel, Poughkeepsie; life service secretary, Miss Margaret Gippert, Saugerties; extension secretary, Miss Elsie Mikler, the Bronx; publicity secretary, Miss Catherine Rumpf, Syracuse; senior superintendent, Miss Ruth Wethe, Syracuse; senior chairman, William Schlager, Rochester; intermediate president, Donald Ackerman, Syracuse; intermediate superintendent, Miss Mildred Agne, Oneida; pocket testament league, Miss Jeanne Merriman, Rochester; field secretary, Dr. Paul C. White, New York City; secretary of the United Lutheran Synod of New York; Synodical Chairman, the Rev. David C. Gaise, Albany; anniversary chairman, Charles Petermann, Brooklyn; and ways and means chairman, Clarence L. Neun, Rochester.

The following chairmen of convention committees will also attend: General Chairman, Robert Weltzien, Newburgh; co-chairman, John Walker, Kingston; convention treasurer, Oscar J. Lawatsch, Kingston; pastoral adviser, the Rev. Frank Lawrence Goltz, Kingston; district treasurer, Ruth Van Campen, Hudson; packet committee, Dorothy Calder, Saugerties; publicity committee, Lillian Rowe, Chatham; recreational committee, Louis Schafer, Kingston; and convention chaplain, the Rev. Ray E. Kulman, Saugerties.

The executive committee will attend the 11 o'clock Sunday morning service of Trinity Lutheran Church.

Janice Kenik Heads Junior Hadassah Group

A regular meeting of Junior Hadassah was held at the Kingston Hebrew School, Thursday evening. At this time the following officers were elected: President, Janice Kenik; vice president, Ruth Gold; treasurer, Shirley Sherry; corresponding secretary, Cynthia Bahl; recording secretary, Janice Reben. Plans were discussed for a fund-raising event to be held March 16.

After the meeting a farewell party was given in honor of Miss Dinah Cooper who is leaving for Rochester Monday.

Club Notices

Willing Workers Class

The regular monthly meeting of the Willing Workers Class of Clinton Avenue Methodist Church will be held in Epworth Parlors Monday at 8 p. m. A Love Offering will be taken. Hostess will be Mrs. Samuel Morgan, Mrs. William Petherbridge, Mrs. Rodney Shiels and Mrs. John Pope. Devotions will be led by Miss Elsie Phillips.

Trinity W.S.C.S.

The Woman's Society of Christian Service of Trinity Methodist Church will hold its regular meeting at the home of Mrs. Monroe Burger, 3 Clifton avenue, Monday afternoon at 2:30 o'clock. The devotional service will be led by Miss Hester Marsh and Mrs. Frank Thompson will have charge of the program. There will be a mite box opening.

Dr. Taylor Speaks On Current Bill

The regular monthly meeting of Junior League was held Monday evening at the home of Mrs. John D. Schoonmaker, Jr., 281 Albany avenue Dr. J. Spottiswood Taylor addressed the group.

Dr. Taylor explained the current anti-vivisection bill before the state legislators. He spoke of the use of dogs and other animals in laboratory research and of the tremendous set back in medicine if this use were denied. Dr. Taylor feels that the public should be made aware of the real meaning of this legislation and attending results if it is passed.

Following the meeting refreshments were served.

The Weather

FRIDAY, FEBRUARY 8, 1946
Sun rises, 7:12 a. m.; sun sets, 5:17 p. m., E.S.T.
Weather, clear.

The Temperature
The lowest temperature recorded by The Freeman thermometer during the night was 19 degrees. The highest point reached up until noon today was 30 degrees.

Weather Forecast
New York city and vicinity—This afternoon clear, highest about 35, moderate northwest winds. Tonight clear, lowest 25 to 30 in the city, 20 in the suburbs, diminishing north and west winds. Saturday increasing cloudiness followed by rain or snow, changing to rain late in the day, highest 35 to 40, moderate southeast to south winds.

Eastern New York—Partly cloudy and rather cold today. Tonight fair and cold. Saturday increasing cloudiness followed by snow in the interior and rain or snow on the coast.

Four-fifths of all the gas used in the United States today is natural gas which comes up from the beds of sands thousands of feet underground.

LeFevre Favors Anti-Strike Bill

Continued from Page One

letters I have received, not only from business men but from men who are members of unions themselves, urging me to support the so-called Case Bill. I regret that you men who are leaders and officers in the local unions term the bill as a "Vicious Anti-Labor Bill."

We feel that this bill undertakes to provide a condition where management and labor can live together and work together for the common good. It is in that spirit that the bill is being debated on the floor of the House today. Quite contrary to your beliefs, this bill is for the interests of the working man in that it gives a chance for fair hearings on complaints and sets up the machinery to settle arguments, rather than resort to strikes.

Will Break Obstacles

Strikes are costly to the working man, to management and to the public. Labor leaders apparently are against any legislation at this time; a fact which is hard for me to understand. I realize it is going to be difficult to pass a bill that is satisfactory to all, but I have great hope that before this bill is finally passed, it will take care of the obstacles that are now breaking down our industrial peace.

Let us all work together for a unified America!

Sincerely,

JAY LEFEVRE

(By The Associated Press)

The Case proposal, as it now stands, would:

Create a federal mediation board with authority to step into major labor disputes and forbid strikes or lockouts for 30 days while it sought to solve them.

Permit wide use of court injunctions in enforcing the cooling off period, preventing violence or insuring movement of perishable goods.

Provide for civil suits against either labor or management for breaking contracts.

Outlaw violence in picketing by either side. (Violators would be subject to court injunctions and to loss of their bargaining powers.)

Bar boycotts used to force disputants to come to terms. Sponsors said this would prevent many jurisdictional controversies. (Violators would face loss of their bargaining powers.)

Deny employee status to unions of supervisory workers, unless they do manual productive labor.

Violates Probation

Elvina Hendrickson, 26, of Glasco, R.D., was arrested in Kingston Thursday by Trooper Seymour and Police Officer Krom and held at the county jail for transfer to Delaware county, where she is wanted to answer to a charge of violation of probation.

A porcupine has about 30,000 quills.

POLICE CLEAR PICKETS FROM TROLLEY'S PATH

Pickets are held back by policemen carrying nightsticks as the first of five trolleys leaves the Conestoga Transportation Company car barns in Lancaster, Pa., in an effort to break a two-day strike. A car had crashed the line to gain entrance. (AP Wirephoto).

Would Curb Power On Milk-Product Now Held by State

Albany, N. Y., Feb. 8 (AP)—Curbing of the power of the State Commissioner of Agriculture to control the licensing of milk producers and dealers is sought by Senator Vincent R. Corru, Utica Democrat.

A bill introduced by Corru would eliminate the commissioner's power to refuse a license to a dealer because of his "character, experience, financial responsibility and equipment," the potential effect on competition or the lack of public need.

The measure also would eliminate a provision which in effect limits dealer licenses to those already in the milk business. It also would deprive the commissioner of his right to decline an application for license renewal or to revoke the license of a milk dealer who had ceased to operate the business for which the license was issued.

A second Corru bill would repeal the provision of the law which requires the commissioner's endorsement on a local health officer's approval of any milk producer's or dealer's premises.

Similar bills were introduced last year by Assemblyman Orlo M. Breese, Endicott Republican, but failed to reach the floor for a vote.

Woodstock, Feb. 9 — Scoutmaster Walter Van Wagenen reports that Woodstock Troop No. 4 is taking an active part in the Merit Badge Exposition to be held at Mt. Tremper Hall Wednesday, February 13th, at 7:30 o'clock.

Several scouts will receive recognition for merit badges obtained in fireman's, leathercraft, stamp collections, personal health and advancement in rank. Other awards: Eugene Hughes and Peter Benkman, canoeing, chess and basketball. Carl Schroder, metal work. All other scouts some phase of leathercraft. All those interested in Scouting, particularly fathers and mothers are invited to the exposition. An interesting sound film will be shown.

Woodstock Post of the American Legion will hold the first of a series of weekly card parties at the Veterans Memorial Building in the village commencing Thursday evening, February 21. The entertainment committee consisting largely of World War 2 veterans, are planning an elaborate program for these parties.

The office of the Town Clerk has been exceptionally busy during the past week with the licenses which are to be issued at this season of the year. The matter of terminating the tax collection has also kept the office busy.

The Highway Department has been sanding the extremely icy streets during the past few days, in order to avert motor accidents and also accidents to pedestrians.

There have been no serious accidents reported in spite of the most dangerous conditions thus far this winter. However there were many cars stranded. The facilities of the local garages were kept busy and a number of pedestrians report minor injuries resulting from falls.

Karl Cousins has been making alterations and improvements to the exterior of his store during the past week.

The interior of the Little Art Shop is receiving a coat of paint.

Intoxicated Driving Charge Against DuBois

Ralph DuBois, 43, of 130 Jansen avenue, charged with operating an automobile while intoxicated, had his trial adjourned to Monday when arraigned in police court today before Judge Matthew V. Cahill.

DuBois was arrested last night by Officers James Burns and Walter McDonough, following an automobile accident between the car he was driving and the auto of Peter Naccarato of 42 Smith avenue.

The two cars collided at the intersection of Albany and Tremper avenue at 7 o'clock that evening. The front of both cars were damaged, police said.

Mrs. Naccarato, who was riding with her husband, suffered injury to both knees and her elbow. After receiving treatment at the Kingston Hospital she was discharged.

DuBois, following the crash, was taken to police headquarters, where he furnished bail in the sum of \$500 for his appearance today. This morning bail was continued until Monday.

Manhattan Shirt Head Cited by Business Group

Jules C. Leeds, president of the Manhattan Shirt Company, received the Certificate of Public Service of the Branch Names Research Foundation at a testimonial dinner attended by over 1,200 business leaders, radio, newspaper and advertising executives Tuesday at the Hotel Astor, New York City.

The certificate honored the name "Manhattan" used by the Manhattan Shirt Co., to identify shirts, ties, pajamas, sportswear and handkerchiefs, which has been in constant use for 75 years. The presentation was made by Vice President A. O. Buckington of Cluett Peabody & Co., Inc.

Only names which have served the public for more than 50 years were eligible for the award which was created by the

Foundation to recognize the proved value of brand names in their services to consumer public. The citation describing the long history of responsible service to the public of the Manhattan Shirt Co., was made by Henry R. Abt, managing director of the Foundation.

The Manhattan Shirt Co. plant is located on Hoffman street.

Some Exchanges to Close

New York, Feb. 8 (AP)—Financial and commodity exchanges throughout the United States will be closed Lincoln's birthday, Tuesday, February 12. Various livestock markets will be open. The Winnipeg grain market, Montreal and Toronto Securities Exchanges and the London Stock Exchange will operate as usual.

The Constitution of the United States originally consisted of a preamble and seven Articles; it has since been added to by amendments.

TRUCK WRECKS HOUSE AFTER FATAL CRASH

Aftermath of a fatal accident, this truck crashed into the dwelling at left near Abingdon, Va. Sgt. W. C. Neblett of the Virginia State Police said that Mrs. Lester Kennedy, wife of a Pawtucket, R. I., golf pro, was killed when she was thrown from an automobile as it collided with the truck and that a second truck ran over her body. Her husband and two other golf pros, Jimmy Turnesa, Elmsford, N. Y., and Ed Oliver, Wilmington, Del., were injured. (AP Wirephoto).

Redeployment

(By The Associated Press)

Twenty-one vessels, carrying 16,570 service personnel, are scheduled to arrive today at four west coast ports while approximately 2,526 men are due to depart from six ships at three east coast ports.

Arriving on the Pacific coast are: Los Angeles, eight transports, 5,269; San Francisco, six ships, 8,316; San Diego, Calif., five vessels, 25; Seattle, Wash., two ships, 2,960.

East coast arrivals include: New York, two vessels, 2,465; Boston, one ship, 24; Norfolk, Va., three transports, 37.

Ships and units arriving:

At Norfolk

Miscellaneous on following: Anzio, one; William Byrd from Birkenhead, 25, one Army; Mary Dodge, 10.

At Seattle

Cape Victory from Okinawa, 1,346 miscellaneous Army. Brandon Victory from Yokohama, 1,614.

21 Kingston Men Join Bumper Crop Of Army Enlistees

Twenty one Kingstonians were among the record breaking total of 2181 regular army enlistments announced today by the Second Service Command's New York District. This is the largest number of men enlisted in one month since the campaign began last October.

The enlistees can be classified into three groups—the 17 year olds who will be eligible for the draft soon, and who prefer to enlist; the veterans who fought for the hard won peace; and former regular army enlistees who have desired to make a career of the army until retirement.

Under regulations recently released, veterans who re-enlist within 90 days after discharge.

and before June 30, 1946, may retain the grade held at time of discharge. Officers desiring to enlist may do so in the grade of master sergeant within 90 days of the termination of their terminal leave, and before June 30, 1946.

For a good job with security join the regular army now! Apply at the U. S. Army Recruiting Office, Central Post Office Building, second floor, Kingston, New York.

Republican Notables In National Hookup

Four leading spokesmen for the Republican party will participate in a special Lincoln's Birthday broadcast over the Mutual network on Tuesday, February 12, from 11:30 to midnight. The program will be broadcast over station WKNY.

Among those who will be heard are Herbert Brownell, Republican party chairman who will speak from New York; Senator Robert A. Taft of Ohio, in an address from Kansas City; Clare Boothe Luce of Connecticut, speaking from Nashville, Tenn.; and Harold Stassen, former governor of Minnesota speaking from Boston.

Items Listed in Surplus Property Sale

In a nation-wide surplus property sale now under way, more than \$7,000,000 worth of turnbuckles, bolts, nuts and screws are being offered to priority groups and the trade, including exporters, according to an announcement made today by Col. Frank L. Seymour, Associate Regional Director, Consumer Goods Division, War Assets Corporation.

The items are offered in a wide variety of sizes, shapes and finishes. Included are 365,000 turnbuckles in various sizes and styles. There is also a large quantity of bolts nuts machine screws can screws, set screws, wood screws and stove bolts. The items to be sold are either in standard or packages or in bulk.

The offering is made to Federal, State and local governments, veterans, dealers, industrial users and exporters.

Agreement on Barriers

Seoul, Korea, Feb. 8 (AP)—An agreement to start lifting the trade and communication barriers between the Russian and American occupied zones of Korea was announced today in a joint communique. The communique, dealing with decisions of the recent U. S.-Soviet conference here, gave no dates of effectiveness but said they needed only the approval of the commanding generals in the two zones.

A blow with a stick on the tip of the porcupine's sensitive nose will kill him.

The porcupine is also known as quill-pig, urson, hedgehog, and quiller.

GRANGE NEWS

Lake Katrine

The regular meeting of the Lake Katrine Grange was held Monday, February 4, with an excellent attendance. The library hour was in charge of Mr. and Mrs. William T. Hookey.

The program was as follows:

Grand march, played by Mrs. Arthur Brink, with all the members marching; talk on "George Washington the Farmer," by Myron Boice, Jr.; Games—Mystery Numbers and Magic Numbers, arranged by William T. Hookey, played by Miss Ida Boice; Mrs. Hubert Brink, H. Klippel and Richard Boice; piano duets—"Under the Double Eagle" and "Silver Bells," played by Mrs. Donald Parish and Miss Valerie Beam; poems—"Winter Evening" and "Heaven in Winter," written and recited by Mrs. Herman Schuler; solo—"Ave Maria" by Harrison Millard, sung by Miss Valerie Beam, with Mrs. Donald Parish as accompanist; games—"Tip card tricks and battle contest," by William T. Hookey, with Mrs. Marjorie Kingsley, Mrs. Donald Parish, Leroy Crosby and Donald Morehouse participating.

At the end of the program a vote of thanks was given Mr. and Mrs. William T. Hookey. Dancing was enjoyed after the program with Mrs. Arthur Brink, Horace Boice and David Sheffield furnishing the music.

Refreshments were served by the committee, consisting of: Mr. and Mrs. T. T. Hookey, Mrs. Arthur Brink, Mrs. Marjorie Kingsley, Mrs. Madison S. Forde, Richard Boice and Myron Boice, Jr.

Northern Lights

Philadelphia, Feb. 8 (AP)—The best display of Northern Lights since September 18, 1941, was visible last night, Roy J. Marshall, director of Fels Planetarium, Franklin Institute, declared. Dr. Marshall said the lights, which were visible throughout northern United States and Canada, were a manifestation of sun spot, an effusion of electrical energy which moved across the sun during the past week and were directly in the middle of the sun disc, "pointed right at us."

Hess Becomes Ill

Nuernberg, Feb. 8 (AP)—Rudolf Hess, one of the defendants at the war crimes trial, was taken ill during the noon recess today and was removed from the court building to a cell for medical examination.

Safe Crackers Get \$720 In Poughkeepsie Market

Safe robbers forced entrance to the office of the Empire Community Market, at Main street and Grand avenue, Poughkeepsie, some time Wednesday night, ripped open the office safe and escaped with \$720 in cash, police said.

The safe robbery was the third to occur in Poughkeepsie since last October 18, when burglars entered the Great Bull Market, west of the Empire Market, and escaped with about \$2,500 in cash.

Less than two weeks ago, robbers forced entrance to the Beacon Grain Co. offices on Smith street, but were frightened away before they could rifle the safe.

In The Pocket

CHARLIE TIANO

We note in the official entry blank for the Kingston Bowling Association's annual city championships that averages are frozen as of the end of the 1944-45 season, including the summer league of 1945. This is a rather unusual procedure, in view of the fact that the overwhelming majority of city tournaments are based on live averages, frozen at a certain period prior to the actual start of the tournament.

Our curiosity aroused, we proceeded to quiz an executive committee member who told us that the rule was instituted to protect the bowlers from renegades who deliberately throw away pins in order to qualify for a lower classification.

If such bowlers exist in any number at all, it is a pretty sad commentary on the ethics, ideas and sportsmanship of Kingston bowlers. We must assume that they do flourish in goodly numbers, otherwise the K.B.A. would not have been moved to this unusual policy of basing averages. If they exist in such large numbers, the solution of the problem rests squarely with the executive committee which is empowered by A.B.C. rules to do something about it.

THE AUTOMATIC SPOTTER IS HERE AT LAST!
It's no longer a secret, says The Bowler. Photographs have been released to the trade by the American Machine and Foundry Co. of their new automatic pin spotter, a device which is expected to have far-reaching effect on the rapidly growing tenpin industry.

In describing the machine, Robert E. Kennedy, sales director of the AMF bowling equipment division, said that in addition to returning the ball and spotting the pins, it takes into account spares and strikes. "I am convinced that the AMF machine is the long-awaited answer to the bowling industry's search for a completely automatic, highly reliable pinspotter," said Kennedy. The spotter will be ready for demonstration in early summer.

Things we'd like to see in bowling in the Hudson Valley area:
1. An annual singles tourney comparable to the Petersen Classic.
2. A women's league similar to the Hudson Valley loop.
3. An annual Hudson Valley five.

Albany Definitely Out, and Locals May Play Without Weaver; Game at 8:15

Minus the services of one and possibly two members of their high scoring front line, a handicapped Kingston High basketball squad faces Port Jervis tonight at the municipal auditorium in a DUSO game. Game time is 8:15 o'clock.

FACING THE STARS

His trademark is the inevitable cigar, but Walter Ward of Cleveland does more than smoke high-priced cigars. He ranks among the all-time greats and for years shared honors with legendary Joe Ralls as Cleveland's best. Fourth highest in 10-year ABC averages, Ward is credited with more than 250 triples of 700 and seven of 800 or better. Shot all-time high average of 230.31 during 1934-35 in the Cleveland Classic.

A great exhibition bowler, who has been very active in service camps, Ward will be in action tomorrow.

JIMMY SMITH.

THE DAILY ROUNDUP—City

Open Leaguers bashed out four 600 triples and a flock of high singles. . . . Jack Haulenlock doubled with 207-221 and 627, while Roy Webber singled with 204.

Joe Dunn unhooked 206-207 and 617 and Sleight added 204.

Ben Sklon, the type writer man, attained a seasonal peak with 212 and 614 out round, save his team from a shutout.

Emil Bartroff, fresh from the army, blasted a 259 single and 600 triple for Barrel Aces.

Other sparklers: Joe Schrowing 207-208 and 617; Ben Sklon, the type writer man, attained a seasonal peak with 212 and 614 out round, save his team from a shutout.

Emil Bartroff, fresh from the army, blasted a 259 single and 600 triple for Barrel Aces.

Other sparklers: Joe Schrowing 207-208 and 617; Ben Sklon, the type writer man, attained a seasonal peak with 212 and 614 out round, save his team from a shutout.

Emil Bartroff, fresh from the army, blasted a 259 single and 600 triple for Barrel Aces.

Other sparklers: Joe Schrowing 207-208 and 617; Ben Sklon, the type writer man, attained a seasonal peak with 212 and 614 out round, save his team from a shutout.

GAINS IN TOKYO GAME

Ken Laughlin of Anacosta, Mont., back on the Eleventh Airborne football team, carries the ball for a 10-yard advance in the title football game of the Pacific Army Olympics January 28 in Tokyo. The Eleventh topped the Honolulu All Stars, 19 to 0. Third from left is Ed Zednik of Cleveland, an end.

Gordon Talks of Trade From Yankees; Battle Is Shaping

Flash Believes Yankees

May Trade Stirmweiss

or Himself; Giants

Sign Four More

New York, Feb. 8 (AP)—Unless

Joe Gordon is kidding, he believes

he or George Stirmweiss will

be traded for the regular second base job on

the New York Yankees, may be

traded.

"What are the Yanks going to do with both of us?" queried Gordon yesterday in Chicago where he was en route to join his mates for the trip to Panama to start spring training. "It looks like one of us will be traded or moved to another position, or draw a fat salary for sitting on the bench."

Of course, hardly anyone takes Gordon seriously. It seems inconceivable Manager Joe McCarthy would trade either Gordon voted the most valuable player in the American League in 1942, or Stirmweiss, who won the league batting and base stealing titles last year.

May Move to Third
It is felt in baseball circles that the two will stage a red-hot fight for the keystone job, with the loser moving to third base where Bill Johnson, 1913 regular, is not expected back until mid-summer. He is still in the Army with insufficient points for a discharge. For the last two years, five volunteers have essayed the third base role without much success.

Gordon said he wouldn't mind playing the hot corner as he performed at that spot some in the Minors.

Other baseball items:
New York Giants: Four new players signed on the dotted line including Pitchers Hal Schumacher, Dave Koslo and Bill Emmerich and Catcher Clyde Klutts. Manager Mel Ott, stepping off in Jacksonville, Fla., en route for Miami where the Giants begin training Sunday, picks the Cardinals, Cubs and Braves as the teams to beat for the pennant.

Dodgers Sign Padgett
Brooklyn Dodgers: Don Padgett, outfielder purchased at the close of the '41 season from the Cardinals, was the latest to sign his contract as the Dodgers prepared to start training in Clearwater, Fla. Sunday. He was discharged from the Navy recently.

Eagles Sign Kish
Philadelphia, Feb. 8 (AP)—The Philadelphia Eagles of the National Football League have two fullbacks in the fold for the 1946 pro league battle. Signed contracts were received from veteran Ben Kish and from Frank Forsys, former St. Vincent's College star.

Dempsey to Referee
Detroit, Feb. 8 (AP)—Jack Dempsey, touring Michigan as a wrestling referee, gets back to the fighting here tonight as referee of the 10-round Olympic headliner between Sal Barotto of Boston, the N.P.A. featherweight champion, and Indian Paulie Jackson of Reading, Penn.

Entries for K.B.A. Championship Will Close This Sunday

Vernon Freese Reports Applications Have Been Returned at Good Rate So Far

Entries for the annual Kingston Bowling Association city championships close midnight Sunday, Secretary Vernon Freese said this morning.

Urging the bowlers to file entries as soon as possible in order to avoid the usual last-minute rush, Freese said that entries have been coming in at a fairly rapid rate. It cannot be ascertained at the moment whether or not the entry list will approximate that of last year's tournament.

Class C has been eliminated this season, offering a wider latitude of handicap for the less accomplished bowlers of the city. This change is expected to create a great deal of interest among bowlers in the 160 and lower brackets.

Entry blanks have been at the alleys and forwarded to league captains for quite some time. If your team captain has not filed his entry, see him at once.

The tournament as usual will be rolled on the Central Recreation drives. A bowler may compete more than once in the 5-man competition, providing he has rolled at least 25 per cent of the scheduled games of that league.

Kingston Defeats Newburgh, 60-41; Pine Plains Next

With Hanson, Kelse, Lindhorst showing the way in the scoring column, the Y.M.C.A. varsity basketball team defeated Newburgh last night at the municipal auditorium by the score of 60 to 41.

Newburgh failed to take the floor with any of the pre-game players it had on its roster such as Havens, Rohan, Inzerria and Pilus.

Hanson, playing forward for Lou Schafer, took scoring honors in the contest with 14 points. Jack Kelse and Ray Lindhorst followed with 10. Lebowitz chucked in 13 for Newburgh. Kingston had a 28 to 19 margin at halftime.

In the preliminary the junior varsity kept on winning by downing Walden to the tune of 60 to 36. McElrath dumped in 16 for the winners. Snyder had 12 for Walden.

The local "Y" cagers will meet Pine Plains in a twin-bill at the Y.M.C.A. boards Saturday night. At 7:30 o'clock the junior varsity will tangle with the Pine Plains javes and at 9 o'clock the Pine Plains varsity meets the "Y" varsity squad.

Villanova Grid Slate

Villanova, Pa. Feb. 8 (AP)—Villanova College announces its most ambitious football schedule in history for 1946, starting off with a game at West Point with Army's national champions September 1. The following week, Villanova tackles Navy at Annapolis. Then in succession, come Marquette, Holy Cross, Georgetown, Boston College, Miami (Fla.) University and Detroit.

Major League
Phil Masters did it again at the Central Rec alleys last night as he fashioned himself an enviable 247 high single and a 629 high triple of the night in Major League bowling. Masters put together his scores of 176, 206 and that 247 for the high mark as his Les Pommerers dropped two games to the Grunewalds. Van Alstyne's 225 and 365 were high for the winners.

Randy Kelder of Jones and J. Raymond of the Stein keglers, smashed 607 three-timers last night. Randy Kelder blasted a 214 for his high solo while Raymond came through with a 236 game.

The Jones bowlers lost two decisions to the Hynes club and Steins took a pair from the Hofbraus.

Osmers' 570 triple paced Mickeys to two wins over the Doblers. Harold Broskie's 243 single was high for the Doblers.

The scores:

Anti-New York Movement Gains Momentum in U. N. O.

Continued from Page One

had reported the French proposal to defer the final choice of a site until the September meeting of the General Assembly stood a chance to win out if Britain and Russia could tack on an amendment still restricting the eventual selection to the northeastern part of the United States.

China, as well as Britain and Russia, favor the site-inspection committee's recommendations for New York as interim headquarters and the nearby Stamford-Greenwich area for permanent headquarters.

France came out against both the inspection committee's proposals yesterday. It was suggested that Secretary-General Trygve Lie be authorized to choose temporary quarters in some city where temporary facilities were offered.

pending a decision on the permanent home.

Supporting the French proposal at least in calling for delay in choosing the permanent site were Australia, Belgium, Bolivia, Chile, Egypt, Iraq, Poland and Syria.

Brazil, Canada, Uruguay, Yugoslavia and Venezuela have lined up with Britain, China and Russia for the recommendations of the inspection committee.

Dr. Stoyan Gavrilovic of Yugoslavia, who headed the inspection committee, told the General Assembly's Site Committee that any delay would "give rise to intense agitation" in the United States, with groups from various cities campaigning for the choice all over again.

Victor Boustra, French representative, said the cost of the proposed permanent site "worries me more and more." He said he did not object to the city of New York in principle, but it was "perhaps not the right place to work efficiently or in the proper atmosphere" because of politically powerful nationality groups in the population.

U.N.O. Invited To Make Headquarters in Vt.

Burlington, Vt. Feb. 8 (AP)—The United Nations Organization has been invited to establish its headquarters in Vermont "in view of controversies and difficulties connected with recommended sites."

In a renewed bid for consideration, Governor Mortimer R. Proctor said last night in a cable to U.N.O. President Henri Spaak: "We are still anxious to work with you and your representatives regarding the solution of your headquarters problem."

"While Vermont is not an area of palatial estates of financiers and industrialists, it is a state of sincere, democratic people who are anxious to cooperate with the aims of the U.N.O."

Outlook in Tug Tieup Brighter

Continued from Page One

wage-hour dispute. The action was followed by federal seizure of the tugboat industry at 12:01 Wednesday but the Office of Defense Transportation has since refrained from manning the 400 idle vessels.

It announced yesterday, however, that 17 government tugs had managed to move enough coal and oil supplies into the city so that "every extreme shortage has been taken care of" and that it planned to augment its fleet with tugs from Boston, Norfolk and Philadelphia.

UNO Referendum In Greenwich Will Be Held March 2

Continued from Page One

organizations have indicated that they may take part in the ultimate decision. Commander Alfred Kuntz of the Greenwich Post of Disabled American Veterans said today that the American Legion, the Veterans of Foreign Wars, the Greenwich Veterans Association and all men and women veterans had been asked to attend a mass meeting Tuesday night in the high school auditorium.

Commander Kuntz said that the meeting would be for the purpose of discussing the referendum, but that no sides would be taken and that no resolutions would be proposed or adopted.

Liberals Halt Selection
New York, Feb. 8 (AP)—The Liberal Party Club of central Westchester last night adopted a resolution halting the selection of Westchester county as part of the site for the headquarters of the United Nations.

The resolution said: "The Liberal party of central Westchester is proud to welcome the United Nations Organization to Westchester. We pledge our wholehearted cooperation to assure the successful achievement of a world order."

We feel it is a rare privilege to be so close to the world capital, and hope to play a small part in bringing about enduring peace."

Cable Their Support
New York, Feb. 8 (AP)—Ten organizations yesterday cabled the United Nations Organization in London their support of the selection of the Greenwich, Conn.—Westchester county, N. Y., area as permanent site of U.N.O.

"The American people approve and support the United Nations Organization's recommendation of the North Stamford-Greenwich site," the cable said. "The protests of individual property owners reflect a minority opinion within the designated area."

The cablegram was signed by the American Slav Congress, Americans United for World Organization, Council for Democracy, Friends of Democracy, Independent Citizens Committee of the Arts, Sciences and Professions, Methodist Federation of Social Services, National Citizens Political Action Committee, National Lawyers Guild, Southern Conference for Human Welfare and the Union for Democratic Action.

Steel Strike Is Approaching End

Continued from Page One

in his compromise proposal of January 17.

Blames F.D.R. Regime
Washington, Feb. 8 (AP)—President Truman's broad-for-Europe program touched off a storm of opposition in Congress today, and it led Alf H. Landon to contend the Roosevelt administration was partly responsible for the food shortage abroad.

First tangible hint of disapproval was the introduction of a bill by Rep. Edwin A. Hall (R., N. Y.) to ban the export of foodstuffs temporarily until it is determined that American consumers will be assured "the present amount of white bread."

Mr. Truman's plan for cutting American wheat consumption also drew questioning comment from other lawmakers unenthusiastic about the dark bread it will mean on the nation's menu.

Landon, 1936 Republican nominee for President, stepped into the incipient debate by attributing the food situation in Germany, at least, to what he termed the "cruel and inhuman" plan formulated by former Secretary of the Treasury Morgenthau for treatment of the conquered Reich.

Contending the country had followed the Morgenthau plan, Landon told a news conference yesterday in Tokyo, the United States must decide whether to "continue to feed Germany, reverse our policy, or be a modern-day Genghis Khan."

Describing the policy as a heritage which the late President Roosevelt had left Mr. Truman, Landon said it was "both silly and criminal" to pursue it because "it is an utter failure."

In New York, Morgenthau said: "I recommend that Mr. Landon buy a copy of my book and read it. He obviously doesn't know what he is talking about. I think his statement is vicious."

Meat Situation
Washington, Feb. 8 (AP)—The government today offered a 16-cent an hour wage boost—tightly tied to larger subsidies or higher meat prices—as its prescription for settling the meat industry's wage dispute.

The plan, proposed last night by a federal fact-finding board, immediately ran into industry opposition, approval by the A.F.L. union involved, and a non-committal attitude by the C.I.O.

Under its terms, five major packing companies were asked to raise the wages of 90,000 production workers 16 cents an hour, absorb five cents of the added labor cost, and receive added federal subsidies or price relief to cover the 11-cent balance. Companies involved are Swift, Armour, Cudahy, Wilson and John Morrell.

In Chicago, the American Meat Institute, a trade organization, termed the fact-finders' recommendation "unfair to the industry" and said the companies were unable to absorb any part of the proposed wage increase.

Demands Not Met
Officers of the Amalgamated Butchers announced that the wage proposal did not meet their demands but the workers' acceptance would be urged "at this time." President Lewis Clark of the C.I.O. Packinghouse Workers said he would call an immediate meeting of his national wage and

Music Appreciation Group Has Program on Art Song

The Music Appreciation Group of the Y.W.C.A. Women's Club met at the home of Mrs. Edward Rembert, on Mountain View avenue, Thursday afternoon. Mrs. W. Kenneth Kukuk and Mrs. Ralph Harper had the program for the day.

Mrs. Kukuk gave an interesting talk on the art song which she described as a composition for a single voice, simple in structure and as universal in appeal as the folk song, sometimes the border line between the folk song and the art song is vague. She mentioned Franz Schubert and Robert Schumann as the accepted masters of song. Under the touch of Schubert, the song long neglected and despised as a lowly folk song suddenly became the favorite among the professional musicians. In closing she spoke again of the structure of the music and the correspondence between the words and music.

Mrs. Ralph Harper accompanied by Mrs. C. Franklin Pierce sang two groups of songs:

Caro Mio Ben Giordani
Heather Rose Schubert
Were My Songs with Wings
Provided Hahn
Solveig's Song Grieg
The Slumber Song Gretchaninoff
Smile of Spring Fletcher
By a Lowly Forest
Pathway Griffiths
The Iris Wolf

The next meeting will be at the home of Miss Ruth Smith, 85 Clinton avenue, February 21. Mrs. Arthur J. Laidlaw and Mrs. Alfred Schmid will have charge of the program whose topic will be Debussy.

No Damage Reported In Two Local Fires

A fire in a seat cushion of the automobile of George Schaffer, of 137 St. James street, was extinguished by firemen from the Wiltwyck Fire Station, when the car drew up in front of the fire house last night. The fire was caused by a lighted cigarette, the fire department said.

A chimney fire was reported at the home of Garrey Sutton, 62 Farrelly street, at 9:30 o'clock last night. Firemen used chemicals to extinguish the blaze.

A chimney fire was reported at the home of Garrey Sutton, 62 Farrelly street, at 9:30 o'clock last night. Firemen used chemicals to extinguish the blaze.

Up for Approval
Secretary of Agriculture Anderson, now the nation's boss butcher, said he would present the findings to the wage stabilization board today for approval. Without authorization from the board, the wage increase cannot be placed in effect.

In its report, the fact-finding panel held that the 16-cent increase would raise the meat industry's total costs by less than two per cent. The board said direct labor costs now are from eight to 10 per cent of total costs.

Although the wage and price recommendation applied specifically to the "Big Five" of the meat industry, the board presumably felt that smaller packers would follow any wage pattern set by the larger firms.

Good Taste Today

By Emily Post

(Author of "Etiquette," "Children Are People," etc.)

ETIQUETTE FOR GUEST OF HONOR

The honor shown a distinguished guest is in being seated first, not in rising. This subject is discussed in the following letter: "At a recent lunch party, the wife of an important military man got up first and then the hostess followed immediately and in turn was followed by other guests. We were wondering if the fact of the husband's importance was according to correct etiquette? This was a woman's formal lunch party."

The hostess should have stood at her place first and then have let the guest of honor leave the room first. The others should have followed her and the hostess should have gone last. It is never correct that a guest "make the motion to rise" from the table, no matter who she may be.

Banquet Etiquette
Dear Mrs. Post: At the annual dinner of the leading women's organization, who leads the grand march? The officials at the dinner include the president, vice president, secretary, treasurer and the chairman of the evening's program. Who should walk with whom? Most everyone is married and the question arises as to the dinner.

Answer: Usually the chairman of the dinner leads the grand march. However, she may give precedence to the president of the organization. In either case, she would walk with a specially distinguished guest. The governor, for example, or the mayor or another prominent citizen. If no one of great prominence is present, she then might properly choose her own husband. The other officers would follow with their special guests or their own husbands.

Party Not Obligation of Best Man
Dear Mrs. Post: My husband is going to be best man at a small wedding and would like to know his obligations. In this, I believe, unusual situation, my husband does not know the groom's best friends, which brings up some doubt as to whether it would be suitable for my husband to give the groom a party of some sort. If suitable under these conditions, he thought he would like to give a bachelor dinner at a hotel or in his club.

Answer: The custom is for the groom himself to give his own bachelor dinner. If the best man cares to give such a dinner or any other party, it would be permissible.

The Weather

FRIDAY, FEBRUARY 8, 1946
Sun rises, 7:12 a. m.; sun sets, 5:17 p. m., E.S.T.
Weather, clear.

The Temperature
The lowest temperature recorded by The Freeman thermometer during the night was 19 degrees. The highest point reached up until noon today was 39 degrees.

Weather Forecast
New York city and vicinity—

This afternoon clear, highest about 35, moderate northwest winds. Tonight clear, lowest 25 to 30 in the city, 20 in the suburbs, diminishing northwest winds. Saturday increasing cloudiness followed by rain or snow, changing to rain late in the day, highest 35 to 40, moderate southeast to south winds.

Eastern New York—Partly cloudy and rather cold today. Tonight fair and cold. Saturday increasing cloudiness followed by snow in the interior and rain or snow on the coast.

Four-fifths of all the gas used in the United States today is natural gas which comes up from the beds of sands thousands of feet underground.

LeFevre Favors
Anti-Strike Bill

Continued from Page One

Letters I have received, not only from business men but from men who are members of unions themselves, urging me to support the so-called Case Bill, I regret that you men who are leaders and officers in the local unions term the bill as a "Vicious Anti-Labor Bill."

Will Break Obstacles
Strikes are costly to the working man, to management and to the public. Labor leaders apparently are against any legislation at this time, a fact which is hard for me to understand. I realize it is going to be difficult to pass a bill that is satisfactory to all, but I have great hope that before this bill is finally passed, it will take care of the obstacles that are now breaking down our industrial peace.

Let us all work together for a unified America!

Sincerely,
JAY LEFEVRE

(By The Associated Press)

The Case proposal, as it now stands, would:

Create a federal mediation board with authority to step into major labor disputes and forbid strikes or lockouts for 30 days while it sought to solve them.

Permit wide use of court injunctions in enforcing the cooling-off period, preventing violence or insuring movement of perishable goods.

Provide for civil suits against either labor or management for breaking contracts.

Outlaw violence in picketing by either side. (Violators would be subject to court injunctions and to loss of their bargaining powers.)

Bar boycotts used to force disputants to come to terms. Sponsors said this would prevent many jurisdictional controversies. (Violators would face loss of their bargaining powers.)

Deny employ status to unions of supervisory workers, unless they do manual productive labor.

Violates Probation
Elvina Henriksen, 26, of Glasco, R.I., was arrested in Kingston Thursday by Trooper Seymour and Police Officer Krom and held at the county jail for transfer to Delaware county, where she is wanted to answer to a charge of violation of probation.

A porcupine has about 30,000 quills.

POLICE CLEAR PICKETS FROM TROLLEY'S PATH

Pickets are held back by policemen carrying nightsticks as the first of five trolleys leaves the Conestoga Transportation Company car barn in Lancaster, Pa., in an effort to break a two-day strike. A car had crashed the line to gain entrance. (AP Wire-photo).

Would Curb Power
On Milk-Producer
Now Held by State

Albany, N. Y., Feb. 8.—Curbing of the power of the State Commissioner of Agriculture to control the licensing of milk producers and dealers is sought by Senator Vincent R. Corro, Ulster Democrat.

A bill introduced by Corro would eliminate the commissioner's power to refuse a license to a dealer because of his "character, experience, financial responsibility and equipment," the potential effect on competition or the lack of public need.

The measure also would eliminate a provision which in effect limits dealer licenses to those already in the milk business. It also would deprive the commissioner of his right to decline an application for license renewal or to revoke the license of a milk dealer who had ceased to operate the business for which the license was issued.

A second Corro bill would repeal the provision of the law which requires the commissioner's endorsement on a local health officer's approval of any milk producer's or dealer's premises.

Similar bills were introduced last year by Assemblyman Orlo M. Broes, Embury Republican, but failed to reach the floor for a vote.

WOODSTOCK

Woodstock, Feb. 9.—Scoutmaster Walter van Wageningen reports that Woodstock Troop No. 4, is taking an active part in the Merit Badge Exposition to be held at Mt. Tremper Hall Wednesday, February 13th at 7:30 o'clock. Several scouts will receive recognition for merit badges obtained in fireman's, leathercraft, stamp collections, personal health and advancement in rank. Other awards: Eugene Hugg and Peter Brinkman, earning chairs and baskets. Carl Schroder, moral work. All other scouts some phase of leathercraft. All those interested in Scouting, particularly fathers and mothers are invited to the exposition. An interesting sound film will be shown.

Woodstock Post of the American Legion will hold the first of a series of weekly card parties at the Veterans Memorial Building in the village commencing Thursday evening, February 21. The entertainment committee, consisting largely of World War 2 veterans, are planning an elaborate program for these parties.

The office of the Town Clerk has been exceptionally busy during the past week with the licenses which are to be issued at this season of the year. The matter of terminating the tax collection has also kept the office busy.

The Highway Department has been sanding the extremely icy streets during the past few days, in order to avert motor accidents and also accidents to pedestrians.

There have been no serious accidents reported in spite of the most dangerous conditions thus far this winter. However, there were many cars stranded. The facilities of the local garages were taxed to the limit.

Several minor injuries resulting from falls.

Karl Cousins has been making alterations and improvements to the exterior of his store during the past week.

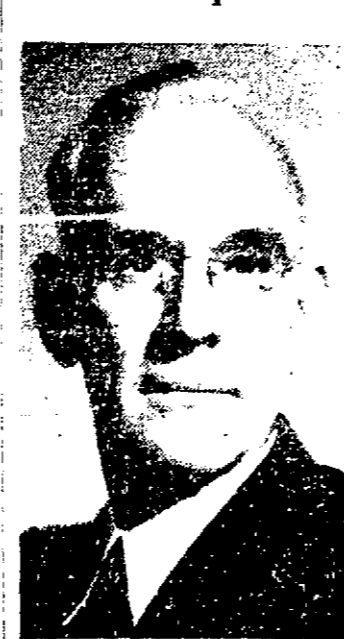

The interior of the Little Art Shop is receiving a coat of paint.

HOME BUREAU

The Kingston Home Bureau Unit will hold its next lesson on menu planning at the home of Mrs. Harry Yule, chairman, 65 Glen Avenue, Tuesday afternoon at 2 o'clock. This will be provided by a short business meeting.

Intoxicated Driving
Charge Against DuBois

Ralph DuBois, 43, of 130 Jansen avenue, charged with operating an automobile while intoxicated had his trial adjourned to Monday when arraigned in police court today before Judge Matthew V. Cahill.

DuBois was arrested last night by Officers James Burns and Walter McDonough, following an automobile accident between the car he was driving and the auto of Peter Naccarato of 42 Smith avenue.

The two cars collided at the intersection of Albany and Tremper avenue at 7 o'clock that evening. The front of both cars were damaged, police said.

Mrs. Naccarato, who was riding with her husband, suffered injury to both knees and her elbow. After receiving treatment at the Kingston Hospital she was discharged.

DuBois, following the crash,

Volunteer Drivers Crash
Jeering Picket Lines

Lancaster, Pa., Feb. 8 (AP)—Six trolleys and four buses broke through picket lines today in another attempt of the strike-bound Conestoga Transportation Company to resume operations with volunteer drivers led by former G.I.s.

Approximately 100 townspeople crowded a church lawn across the street to watch club-wielding policemen push pickets aside as the vehicles emerged from the company car barn.

Yells of "scab" came from picket lines just as yesterday when five of the concern's 25 trolleys changed into service. Strikers quit marching about barn gates shortly afterward.

The pickets refused to let a trolley pass. They left the plant ahead of the trolleys but police finally cleared a path. Twenty-eight policemen had ridden up in patrol wagons at 8 a. m. and 50 minutes later shoved pickets out of the way for 23 volunteer drivers to reach the barns.

The day upon which Easter should fall was decided in the year 325 at the Council of the Christian Churches at Nicea.
